THE PROCESS

Discovery

Neway's Microsoft Copilot for Sales Accelerator is designed to revolutionize your sales operations, integrating seamlessly with Microsoft 365 and your existing CRM platform to deliver powerful AI-driven insights and automation. This service aims to enhance productivity and optimize sales processes, ultimately driving better business outcomes.

Configuration

Next, we configure Copilot for Sales to meet your specific requirements and integrate it with your CRM system and other relevant data sources. We test and validate the functionality and performance in a sandbox environment and with a pilot group of end-users to ensure everything works seamlessly.

Deployment

Finally, we deploy Copilot for Sales to your entire sales organization and monitor its adoption and impact. We offer ongoing support and maintenance to ensure that Copilot for Sales continues to deliver value and meet your expectations.

Training & Documentation

We provide comprehensive training and documentation for your end-users and administrators on how to use and manage Copilot for Sales. We also collect feedback and address any issues or questions that may arise during the training to ensure a smooth transition.
