

MICROSOFT FABRIC: 3-WEEK ASSESSMENT

Microsoft Fabric is a Software as a Service (SaaS) for analytics that provides organizations with a comprehensive and streamlined data analytics platform. From data ingestion to business intelligence and actionable insights, it offers a one-stop solution for all analytical needs, enabling enterprises to easily harness the power of data.

Nous' 3-week assessment for Microsoft Fabric evaluates the current data estate to identify gaps, offers a presentation of the findings, and empowers enterprises towards taking the next steps. Take this assessment to demonstrate the capabilities of Microsoft Fabric in just three weeks!
