

Novunex

What can you do with the **Novunex platform?**

Create your own business app without programming.

Use pre-built apps and **customize them for your needs.**

Manage **all aspects** of your enterprise.

What is the solution for the dilemma?

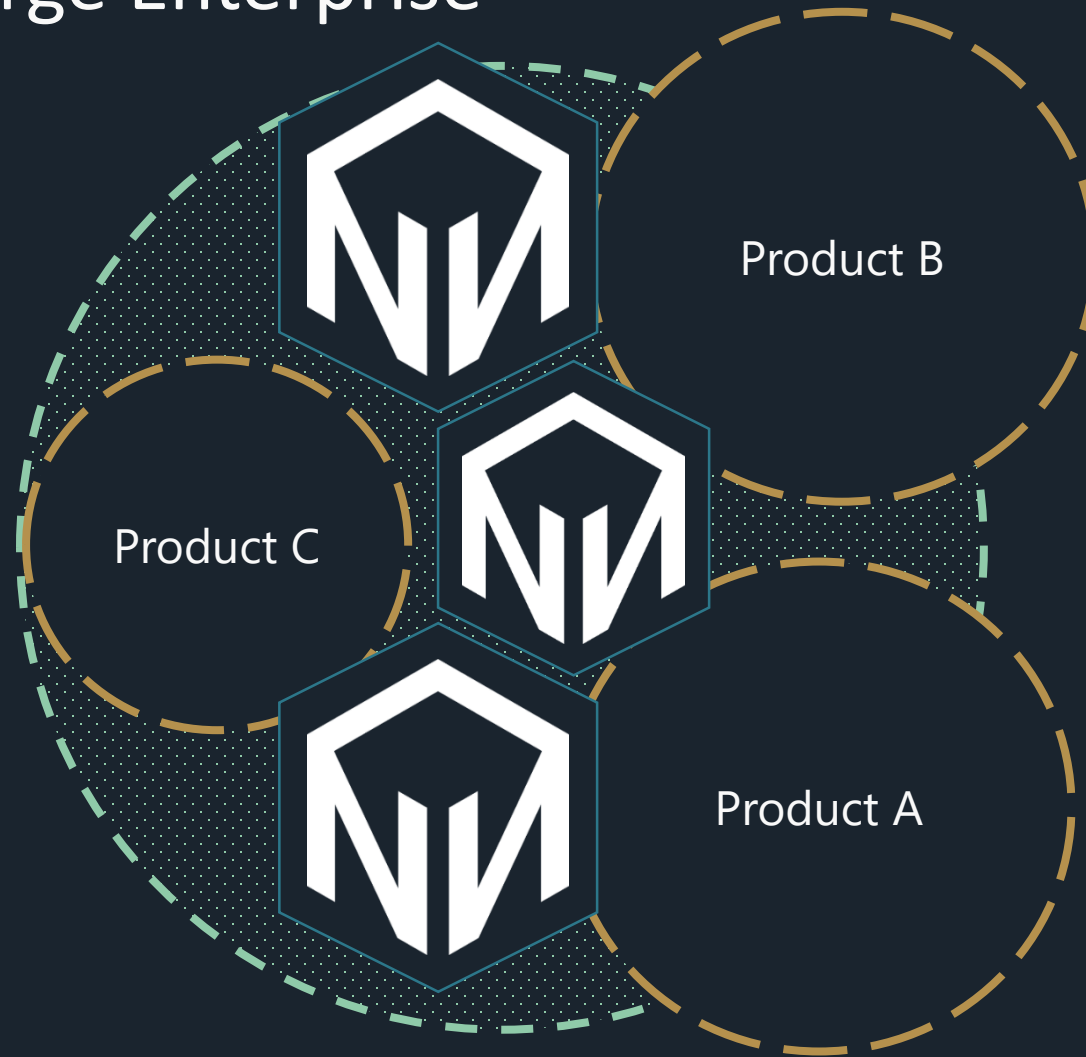

Novunex in comparison to existing options

| | Off-the-shelf | Custom development |  NOVUNEX |
|--------------------|---------------|--------------------|---|
| Initial cost | Low | High | Low |
| Development risk | Low | High | Low |
| License cost | High | N/A | Low |
| Operating cost | Low | High | Low |
| Adaptability cost | High | Low | Low |
| Customization cost | High | Low | Low |

Novunex combines the **best of both worlds**.

How do you solve the problem?

Medium / Large Enterprise

- Novunex is bridging the gaps between existing legacy solutions

How do you solve the problem?

Small business

- Novunex is executing major parts of all business processes

Awesome Process

Tuesday, March 28, 2017 3:50 PM

1

Great Step 1

2

Awesome Step 2

3

Nearly Finished Step

4

Final Step, Sir

Great Form (Self made)

Optional sub-title

Awesome Input Field

We also have awesome help text options in forms

We've various fields and controls (made with love)

This is going to be great, i tell you.

Also great drop downs

(Really great help text)

Table and grid views of complex linked data

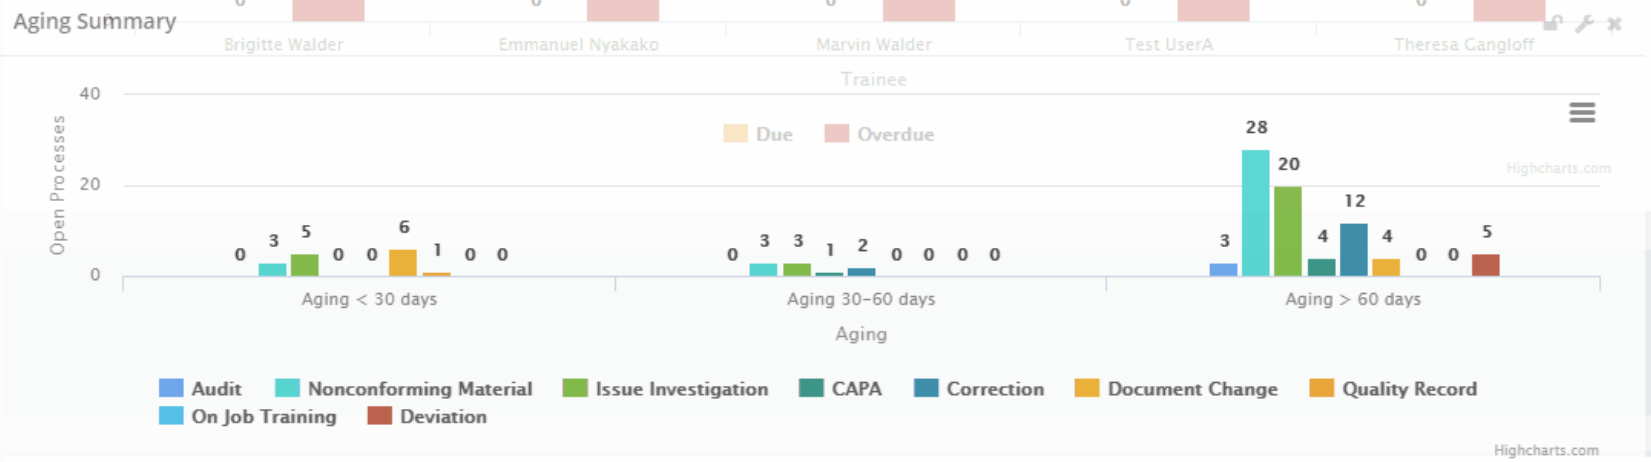

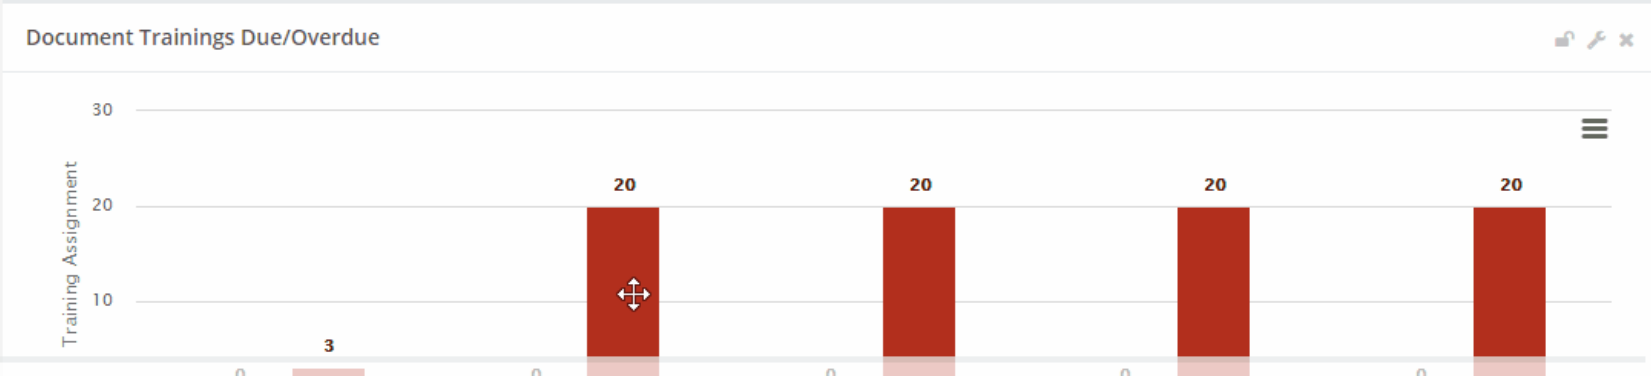

(Really awesome)

Change history

Process started
