UNIFY YOUR DATA, UNLOCK ENTERPRISE INSIGHTS

ABOUT US

Oakwood is a Microsoft Solutions Partner helping organizations modernize applications, infrastructure, and data platforms to stay competitive in a digital-first world. With deep expertise across Azure, Data & AI, Application Innovation, Modern Work, and Managed Services, Oakwood delivers the strategy and tools to turn innovation into enterprise-ready outcomes.

Our Microsoft Fabric Proof of Concept (PoC) helps organizations quickly realize the value of Fabric by consolidating key data sources into a unified analytics environment. In just weeks, Oakwood delivers a functional workspace with 2-3 integrated data sources - providing immediate insights and a foundation for broader enterprise adoption.

WHY CHOOSE OAKWOOD

- ✓ **Deep Microsoft Expertise:** Proven Solutions Partner across Data & AI, Application Innovation, and Cloud Infrastructure.
- ✓ **Application + Data + AI Chops:** Unique ability to bridge business applications, modern data platforms, and emerging AI.
- ✓ **Enterprise-Ready Delivery:** From strategy to scale, Oakwood helps organizations operationalize technology with confidence.
- ✓ **Trusted Microsoft Partner:** Recognized for driving measurable outcomes with the full Microsoft stack.

WHY THIS PoC MATTERS

- **Immediate Value:** See real business impact in weeks by consolidating key data sources into a unified analytics environment.
- **Scalable Foundation:** Establish a modern, flexible architecture that supports long-term enterprise adoption of Microsoft Fabric.
- **Strategic Clarity:** Validate high-priority business questions with live insights and align stakeholders on a roadmap forward.
- **Cost-Effective:** Accelerate modernization with a production-ready Fabric workspace on Azure without major upfront investment.
- **Enterprise-Ready:** Position your business to scale Fabric adoption with governance, integration, and ongoing optimization.

DELIVERABLES

- **Fabric Analytics Workspace:** A production-implemented environment tailored to your organization.
- **Unified Data Sources:** 2-3 priority datasets ingested, transformed, and ready for BI consumption.
- **Validated Insights:** Tested against business questions with stakeholder alignment.
- **Scalability Roadmap:** Clear next steps for expanding Fabric adoption, governance, and optimization.

INVESTMENT

- **\$50,000** - Be sure to inquire about potential funding options. Volume and complexity of data may impact schedule and budget.
