# OAKWOOD + AI AGENT IN A DAY WORKSHOP

## ACCELERATE YOUR JOURNEY FROM IDEA TO IMPACT

### ABOUT US

Oakwood is a Microsoft Solutions Partner helping organizations modernize their applications, infrastructure, and data platforms to stay ahead in a digital-first world. With deep expertise across Azure, Data & AI, Application Innovation, Modern Work, and Managed Services, Oakwood brings the strategy, tools, and experience needed to turn innovation into enterprise-ready outcomes.

Our AI Agent in a Day Workshop helps organizations move from AI theory to practical adoption. In just one day, Oakwood combines executive alignment, use-case discovery, and hands-on build to deliver both strategic clarity and a working AI agent prototype.

### WHY CHOOSE OAKWOOD

- ✓ **Deep Microsoft Expertise:** Proven Solutions Partner across Data & AI, Application Innovation, and Cloud Infrastructure.
- ✓ **Application + Data + AI Chops:** Unique ability to bridge business applications, modern data platforms, and emerging AI.
- ✓ **Enterprise-Ready Delivery:** From strategy to scale, Oakwood helps organizations operationalize technology with confidence.
- ✓ **Trusted Microsoft Partner:** Recognized for driving measurable outcomes with the full Microsoft stack.

### MORE THAN A WORKSHOP

- **Immediate Proof:** Walk away with a live, functioning AI agent you can demo to stakeholders.
- **Beyond the Day:** Unlike most one-off sessions, your outcomes extend into real business impact.
- **Strategic Clarity:** Understand where AI agents create measurable business value across your organization.
- **Scalable Foundation:** Position your business to evolve from a pilot into an enterprise-grade agent ecosystem.
- **Hands-On Experience:** Build alongside Oakwood experts and see how agents are designed, orchestrated, and deployed.

### DELIVERABLES

- **Pilot AI Agent:** A functioning agent built and demoed during the workshop, ready to showcase internally.
- **Executive Summary:** A concise document outlining business priorities, success metrics, and use-case alignment.
- **Architecture Blueprint:** A technical design guide detailing agent orchestration, integration points, and governance model.
- **Scalability Roadmap:** A tailored plan highlighting the next steps to evolve from pilot to enterprise-wide adoption.
