

POWER PLATFORM SOLUTIONS BY

Odyssey Partners Consulting

Leverage Microsoft Power Platform software to solve business challenges with custom application solutions.

Bright Ideas Portal

Are you missing out on valuable insights and innovative solutions because your employees' ideas are scattered and overlooked? Transform how your organization innovates by elevating employee voice to capture a steady stream of actionable ideas.

Bright Ideas is an idea management software and employee engagement tool for organizations designed by Odyssey Partners.

Business Challenges:

- Fragmented communication and disorganized idea collection
- Limited employee engagement across departments
- Inefficient evaluation and prioritization of ideas
- Lack of transparency and feedback on submitted ideas

Who Benefits:

- Business leaders seeking to streamline innovation processes
- Innovative managers who want to engage employees and capture valuable insights

Bright Ideas Solution Offers:

- A centralized platform for idea submission and collaboration
- Structured evaluation tools for efficient decision-making
- Transparent workflows with real-time updates and feedback loops

Lets Work Together

1

Schedule a Consultation

Contact us to schedule an initial consultation where we can discuss your specific needs and goals.

2

Stakeholder Meeting

We will set up a meeting with your key stakeholders to kick off the Discovery Phase.

3

Proposal Submission

Based on our initial discussions, we will submit a detailed proposal outlining our approach, timeline, and pricing.

4

Project Kickoff

Once the proposal is approved, we will initiate the project and begin the Discovery Phase.

5

Continuous Collaboration

We will work closely with your team throughout the engagement to ensure that the project meets expectations and delivers value.
