SAP1 Without The Hardware Costs.

Many businesses think they would benefit from SAP1, but want to trial it without incurring the typical £15K hardware investment that is needed.

What is [solution/service]?

OfficeTechHub lets you put a toe in the water by providing temporary affordable Microsoft Azure cloud servers to run a trial. At the end of the trial, if you decide to deploy SAP One, simply continue your cloud subscription – no re-installation needed.

Box 5: Why customers use [solution/service]

- Trial SAP1 without risk
- Understand the business benefits SAP1 could deliver
- Deploy fast with minimal capital cost

On Demand Infrastructure

- Flexes with your business
- Only pay for what your need
- Increase/decrease computing power month by month

Try out SAP1 without Commitment

Fast Deployment

- Expert technical resources
- Minimal setup fees
- No waiting on delivery

Infrastructure that can be deployed in 24 hours

Protected by Microsoft

- Highly secure UK data centres
- Built in resilience and redundancy
- Enterprise-grade hardware

Enterprise-grade protection as standard

"We trialed SAP1 risk-free, which confirmed our view it would significantly benefit our business. The subsequent deployment of SAP1 on the Azure platform has allowed us the flexibility to expand into the US and South East Asia" Suzie Bergman, Founder and CEO, Storksak
