HOW WILL DX2 BENEFIT YOUR ORGANISATION?

Improved adoption

For all users, with a friendly User Interface and a shopping cart style experience.

Improved team-wide comms

With document Chat conversations stored in the document.

Better spend management

The right balance between governance and efficiency.

New digital process

With built-in workflows, driving efficiency and speed control.

Improved data analysis

Keeps you informed and in control.

One-to-many digital exchange

Reduces complexity and cost.

Rapid deployment

A well defined, rapid deployment model delivers DX2 quickly and cost effectively.

Integrate with your ERP

Ability to fully integrate to your financials as a payables transaction.

Full visibility

Know where a document is during the procurement process, saving time spent chasing up.

If you'd like further information on how DX2 can work for your business please get in touch.

At Olympic Software, we have co-created IT solutions that align with our clients' strategic objectives for over 30 years.
