

# Fabric In Action Workshop

## 3-Day Custom Analytics Review

Microsoft Fabric is powerful and new, but many organizations struggle with where to begin.

**OmniData** (now Fresche Solutions) simplifies the journey with a **free assessment** to help you get started with confidence.

### WHAT IS THE FABRIC IN ACTION WORKSHOP?

Our **Fabric in Action Workshop** pinpoints where to focus and unlocks key opportunities tailored to your business. This hands-on session highlights the full impact of next-generation analytics within your organization.

Led by experts with decades of real-world experience in the Microsoft analytics suite, we'll identify opportunities for data excellence and create a clear roadmap to help you achieve it.

### WHY IT MATTERS

Reduce your organization's technology risk, implementation costs, and time to value by tapping into our expertise in analytics and data architecture.

Our skilled consultants will assess your organization's readiness, conduct a high-level environment review, and identify key opportunities. We'll help you navigate challenges and map out the fastest path to success through Fabric in Action, a end-to-end analytics view of your organization.

### WHO'S IT FOR?

The **Fabric in Action Workshop** is designed for companies seeking expert guidance from seasoned solution architects with a proven track record of successful Fabric implementations.

### LEARN MORE

This **FREE workshop** will help you define the value of Fabric for your organization and guide you through the most efficient path for your Fabric journey. **What's included:**

#### 1. Analytics Environment Review

Examine your organization's current analytics landscape to provide valuable insights.

#### 2. Fabric Use Case Envisioning Session

This interactive session, designed for your decision-makers, highlights Fabric's value in a clear yet powerful way while helping you identify a key use case.

#### 3. Adoption Roadmap

This serves as a checkpoint for your current analytics environment and outlines clear next steps for your organization.
