There is a lot of data available in your organization, but now what?

With the workshop 'OneInspire: 1-day Power BI Report Insight', we will inspire you by giving insights on your business, based on your own data. After the workshop, you will have a sneak-peak of what is possible with your data and how Power BI might assist in giving you more insight.

CHALLENGES

A lot of data is available within the organization and also a lot reporting might already be in place. But what insights can be derived from all that data and how do you get more grip on all the reporting.

IDEAL SOLUTION

Getting all the tools and insights for more informed decision-making.

DESIRED OUTCOMES

Becoming inspired by the results of the workshops and having an idea on what to do next in the data-strategy of the organization.

OneInspire: 1-day Power BI Report Insight

Working together on creating insights in your own data and the possibilities of Power BI. All this, in just one day.

1

Quick

It only takes just one day of you and your team.

2

Data

Working with your own data, so real insights.

3

Inspire

See what you can do with your own data, all in Power BI.

OneInspire: 1-day Power BI Report Insight

This service provides a quick and detailed insight into the numerous possibilities of Power BI.

By ingesting your own data our team of professionals at OneDNA will ensure a stunning visual representation of your dataset. At the end of the session, you will have a better understanding of the advantages your data could provide for your day-to-day decision making.

Efficiency

Quick way of creating insights and getting inspired.

Flexibility

We work with your data, let's team up and start digging.

Decisionmaking

OneInspire will help you get an idea on how your decision-making could improve.
