# Introducing the Threat Protection Engagement

Discover threats and vulnerabilities to your Microsoft cloud and on-premises environments.

What we'll do during the engagement

Analyze customer's requirements and priorities for a Unified Security Operations Platform with Microsoft Defender XDR and Microsoft Sentinel

Define scope & deploy selected Microsoft security solutions in production environment.

Discover threats to cloud and on-premises and across email, identity, servers, endpoints and data.
Discover and prioritize vulnerabilities and misconfigurations across your organization.

Plan next steps on how we can work together.
