Passwordless Starterkit
10 Yubikeys

- Introduction
- Expectations
- Why passwords are bad
- Why is MFA not the entire solution?
- How can you even log in without a password?
- 3 ways of signing in without password
- Demos

Together, Yubico, Microsoft and OneVinn can put an end to account takeovers for business and individuals. YubiKey is the world's #1 hardware-based security key – and is the most secure, easy-to-use, and affordable multi-factor authentication. The world's largest governments, technology companies, and financial institutions trust Yubico to secure their most important information, accounts, and applications.

Onevinn
