Areas of expertise

Microsoft Azure and M365 cloud first!

onex.group

Data & Analytics

Get meaningful information from your data

- Data integration (ETL/ELT)
- Data Warehouse/Lakehouse
- Data Visualization in Power BI
- Advanced analytics
- Machine Learning and AI
- Data Governance

Modern workplace

Secure your digital assets

- Digital Workplace with Office365
- Collaboration solutions
- Power Platform (Apps, Flow)
- Virtual office based on MS Teams
- M365 licenses optimization
- Migration to M365

Custom Applications

Transform your business with modern apps

- Complex cloud-based solutions (Azure PaaS, Serverless)
- Custom app development
- Web, IoT, and mobile applications
- Knowledge Mining
- Cognitive services implementation
- Internal applications

Cyber Security

Focus on what matters

- Microsoft 365 (EMS, Azure AD, information protection)
- Cloud Security (Azure Sec, SecOps)
- Azure and M365 integration
- Azure & M365 security assessment

Cloud Operations

Empower your employees

- CSP provider
- Azure & M365 Governance
- Cloud IaaS, container platforms
- Cloud migrations
- On-premises/hybrid infrastructure
- DevOps and CI/CD
