

DYNAMICS GP TO BUSINESS CENTRAL ASSESSMENT PACKAGES

Overview

Upgrading from **Dynamics GP** to **Dynamics 365 Business Central** is a transformative opportunity for your organization. To support this transition, we offer three tailored migration assessment packages designed to meet your specific needs and budget. Each package delivers valuable insights, actionable recommendations, and expert guidance to ensure a smooth and successful upgrade.

Why Make the Switch?

Dynamics 365 Business Central offers a modern, cloud-based ERP solution designed to streamline operations, enhance scalability, and provide real-time insights. Unlike on-premises solutions like **Dynamics GP**, Business Central integrates seamlessly with Microsoft 365, Power BI, and other tools to deliver an all-in-one platform for managing your business processes.

Packages we offer*

Basic Package

(\$1,750)

Includes:

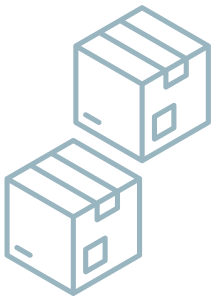

- Comprehensive evaluation of your current GP environment.
- Utilization of an assessment tool to analyze your databases and uncover potential challenges.
- Summary report of the environment's state and recommendations for resolving migration issues.

Special Offer:

- \$500 off implementation if signed within 30 days of assessment completion.

Standard Package

(\$2,499)

Includes:

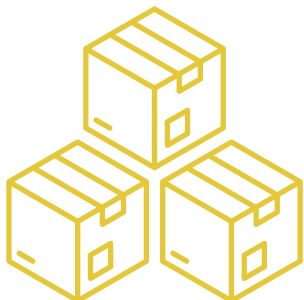

- *Everything in the Basic Package.*
- **PLUS +** Test migration using Microsoft's Cloud Migration Tools, presentation of migration results, and detailed feedback with additional recommendations.

Special Offer:

- \$750 off implementation if signed within 30 days of assessment completion.

Enhanced Package

(\$3,899)

Includes:

- *Everything in the Standard Package.*
- **PLUS +** Business Central trial environment set up in your tenant, and hands-on guidance for exploring key Business Central features.

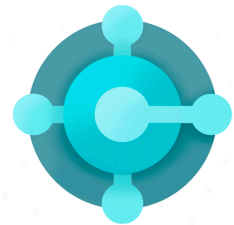

Special Offer:

- \$1,000 off implementation if signed within 30 days of assessment completion.
