Cloud Services

Uniting Healthcare, your EHR and the cloud to empower healthcare organizations with the transformative advantages of the public cloud.

Digital transformation in the cloud

There is an incredible amount of noise and disruption in the competitive cloud space that makes it challenging for healthcare IT leaders to determine how cloud can deliver value for their unique business objectives. Optimum's deep expertise and understanding of clinical needs, technologies, revenue cycles, and operational models of the healthcare industry enables us to eliminate the noise and provide clear skies. The road to digital transformation in the cloud has many risks and challenges. Our experience can help ensure your success in realizing the transformative benefits of the public cloud.

Cloud Offerings

Our umbrella of cloud offerings is designed to meet you where you are today and prepare you for tomorrow's growth. Our cloud offerings are complemented by our other services lines, which span the entirety of healthcare IT.

Strategy & Advisory
Healthcare executives facilitating strategy, governance, and roadmap creation, maximizing public cloud's transformative potential

Disaster Recovery
Implementation of cloud native disaster recovery solutions that provide cost-effective DR capabilities

Implementation
Cloud experts assisting with architecture, build, and migration of workloads to the public cloud

Architecture-as-a-Service
Providing fractional cloud architects to provide regular review and oversight ensuring your alignment to industry best practices

Epic in the cloud
Combined Epic and cloud expertise enabling the future of Epic hosting in public cloud architecture

AI
Delivering cutting-edge AI solutions that empower businesses to innovate, streamline operations, and unlock new opportunities

Support Services
Cloud experts that provide day-to-day operational support to ensure a customer has the expertise needed to succeed in the cloud

Our services are designed to support longevity, growth, and success in the cloud.
