APPLICATION MODERNIZATION
PACKAGED OFFERS

As more organizations are digitally transforming themselves, they are looking to modernize their legacy applications with Azure Platform as a Service. App Modernization with a cloud platform like Azure requires a specialized skill set that organizations don't always have in-house. Optimus Information assesses where you are now, where you want to be, and how to get you there.

Optimus Information has developed three packaged offerings that can jump-start your application modernization journey using Microsoft's Cloud Adoption Framework.

APPLICATION MODERNIZATION JOURNEY

ASSESSMENT	STRATEGY & ROADMAP	PROOF-OF-CONCEPT
DELIVERABLES	**DELIVERABLES**	**DELIVERABLES**
• Documented assessment for modernization of your portfolio of applications with Azure Platform as a Service	• Documented assessment of your current overall portfolio of applications • Documented strategy and roadmap covering short-term, medium-term, and long-term goals • 90-day plan that provides a baseline and set of achievable targets • Risk assessment	• Modernization of 1 web application/subsystem using Azure PaaS services • Learnings document that captures lessons learned from the proof-of-concept
2 WEEKS **$10,000**	**3-4 WEEKS** **$25,000***	**3-4 WEEKS** **$25,000**

*The 2 week assessment is included in this offer

Microsoft Partner | **Gold Competency**
Microsoft

Gold Application Development

APPLICATION MODERNIZATION
ASSESSMENT

As more organizations are digitally transforming themselves, they are looking to modernize their legacy applications with Azure Platform as a Service. App Modernization with a cloud platform like Azure requires a specialized skill set. Using Microsoft's Cloud Adoption Framework, Optimus Information assesses where you are now to help you succeed on your application modernization journey.

Performing a thorough assessment of where you are now and where you want to be eventually is the first crucial step in the application modernization journey.

APPLICATION MODERNIZATION ASSESSMENT

OUR APPROACH

- Assess your motivations, business objectives, and align them to your strategy using Microsoft's Cloud Adoption Framework
- Assess your organization's structure and skills readiness
- Complete a high-level inventory of your existing "digital estate"
- Assist in creating a business case for the migration journey
- Assist in deciding the next steps
- Formulate a high-level strategy and suggest a suitable first project based on the assessment

OUTCOMES

- Aligned organization and stakeholders
- Understanding of Azure Platform as a Service in reference to your applications
- Understanding of your readiness and risks

DELIVERABLES

- Documented assessment for modernization of your portfolio of applications with Azure Platform as a Service

2 WEEKS | $10,000

Microsoft Partner | **Gold Competency**

APPLICATION MODERNIZATION
ASSESSMENT, STRATEGY, & ROADMAP

As more organizations are digitally transforming themselves, they are looking to modernize their legacy applications with Azure Platform as a Service. App Modernization with a cloud platform like Azure requires a specialized skill set. Using Microsoft's Cloud Adoption Framework, Optimus Information assesses where you are now and delivers a smooth and value-focused roadmap for your successful app modernization.

Having a strategy and roadmap to assist in the journey from where you are now and where you want to go is essential in achieving a successful outcome.

APPLICATION MODERNIZATION ASSESSMENT, STRATEGY, & ROADMAP

OUR APPROACH

- Asses where you are, where you want to go, and how to get you there using Microsoft's Cloud Adoption Framework
- Assess your motivations, business objectives, and align them to your strategy
- Complete a detailed "digital estate" audit
- Analyze organizational alignment and skills readiness
- Develop a modernization plan, resources, timelines, budgets

OUTCOMES

- Strategy, plan, and roadmap based on your objectives and priorities
- Accelerated migration by eliminating roadblocks to migration and improving processes
- Aligned organization and stakeholders
- Best practices in place for Azure readiness

DELIVERABLES

- Documented assessment of your current overall portfolio of applications
- Documented strategy, and roadmap covering short-term, medium-term, and long-term goals
- 90-day plan that provides a baseline and set of achievable targets
- Risk assessment

3 - 4 WEEKS | $25,000

APPLICATION MODERNIZATION
PROOF-OF-CONCEPT

As more organizations are digitally transforming themselves, they are looking to modernize their legacy applications with Azure Platform as a Service. App Modernization with a cloud platform like Azure requires a specialized skill set. Using the Cloud Adoption Framework, Optimus Information provides you a smooth, demonstrable, and value-focused roadmap for a successful digital transformation journey.

Once it is decided that action is required, a proof-of-concept is a good way of taking a "test ride" to see what the rest of the journey will look like.

APPLICATION MODERNIZATION PROOF-OF-CONCEPT

OUR APPROACH

- Lay the foundation of all future work with the POC using the previous assessment, roadmap, and plan as a guide
- Modernize the application with Microsoft Azure's Platform as a Service (PaaS) and utilize Microsoft 'best practice' architectures
- Organize resources, determine responsibilities, and start work
- Gather and internalize lessons learned once the work is completed

OUTCOMES

- Conversion of existing or creation of a new application or subsystem using Azure PaaS services
- Microsoft's best practice architectures implemented

DELIVERABLES

- Modernization of 1 web application/subsystem using Azure PaaS services
- Learnings document that captures lessons learned from the proof-of-concept

3 - 4 WEEKS | $25,000
