

Azure OpenAI Accelerator

A private and secured ChatGPT for your organization

Amidst the complexity of modern operations, data fragmentation, decision-making intricacies, ensuring data privacy, and the need for tailored AI solutions are significant challenges. The solution? A secure, private ChatGPT fine-tuned with your parameters and your business data, empowering intelligent decision-making

Approach

- 1 Assessment & Consultation**
data sources, decision-making requirements, privacy requirements
- 2 Data Ingestion**
integrate and consolidate data sources
- 3 Deployment & Integration**

Combine **Azure's enterprise-grade** capabilities with **OpenAI's generative AI** model

Pre-trained generative AI models	Customization of AI models with business data	Built-in tools for data security	Enterprise-grade security with role-based access control
----------------------------------	---	----------------------------------	--

Top **Azure OpenAI services and tools** customers can innovate with

Summarization	Conversational AI	Writing Assistance	Knowledge mining
Product reviews, articles, long-form reports	Customer service bots, Enterprise Q&A	Creative ideation & design	Domain specific research
Efficient bot-to-human handoff with summary	End-to-end contact center solution	Content writing assistance	Social media trend analysis
Insights from unstructured data	Faster Software Development		Surface cross-functional insights in enterprises
	Code generation & autocomplete		
	Code documentation, refactoring
