

Direct Routing with Microsoft Teams

A new voice experience

You chose Microsoft Teams as your hub for teamwork, since you want your users to have the best experience possible.

- Orange Romania local solution - Direct Routing offers Voice Trunk SIP connectivity that enables PSTN calling directly from Teams
- Simplify your operations and reduce cost with a single voice provider. A single bill to manage and all costs are centralized
- Eliminate onsite equipment by leveraging our cloud-based architecture
- Digital voice enables you to order, configure and manage your voice service with maximum flexibility and control

Services**

Business Talk Lounge – Voice SIP Trunk

Orange Business Talk SIP trunking enables your Teams Phone System users to:

- Make local and international calls outside your company
- Port in from other providers
- Use cloud voice capabilities like IVR, auto attendant, hunting, voicemail, call forward easily
- Emergency services available
- Benefit from the same service on your computer as if you are in the office

One solution for Microsoft Cloud Voice
