

# oraya compass

**oraya compass** enables fast and reliable price monitoring online, as a self-service solution.

**demand-oriented - lean - highly informative**

**oraya compass** enables you to track your competitors' prices quickly and easily.

Your start into **automated market monitoring**. You receive a cost-effective, customised overview of market developments.

Quickly and easily add links to the shops and products you want to keep an eye on and off you go.

Let oraya compass work for you. compass **automatically finds websites and shops** that offer articles of interest with the explorative search.

The **individual, product-specific selection of online shops** allows you to carry out detailed and benefit-optimised analyses of the competition.

The **export function** for charts, analyses, graphics and crawling data enables further analyses and transfer to your BI tools.
