

Microsoft Teams@Home

Kickstart your Teams with our 5-day assessment

Support remote collaboration effectively

Companies today are confronted with most employees working from home rather than traveling to the office due to the COVID-19 pandemic. Enabling a reliable and consistent user experience while collaborating with internal teams, partners and customers is often challenging because of poor technology, infrastructure and peripherals.

What is Ordina Microsoft Teams@Home?

Ordina's Microsoft Teams@Home is a 5-day workshop that delivers a tailored suite of Ordina's advisory on policies, usage, change and adoption and management services based on best practices and proven experience.

The suite allows you to rapidly provide and support a solid Microsoft Teams foundation for your remote workers to effectively and securely collaborate with internal teams, partners, vendors or customers.

Organize efficient meetings

We make sure that your users can meet efficiently from home by designing your Teams foundation based on our best practices and proven experience during the 5-day assessment
