Palisade

Minimize risk. Maximize potential.

	Professional Subscription	@RISK	Industrial Subscription
	1 year: $1,895/year		1 year: $2,495/year
	2 years: $1,418/year		2 years: $1,868/year
	3 years: $1,232/year	**MOST POPULAR!**	3 years: $1,622/year
Full Monte Carlo simulation with multiple sampling & RNGs	✅		✅
100% Excel integration	✅		✅
Intuitive, Office-standard interface	✅		✅
100+ distribution functions including percentile parameters	✅		✅
Sophisticated distribution fitting, editing, viewing, & freehand drawing	✅		✅
Function swap to remove @RISK functions for non-@RISK users	✅		✅
Correlations & copulas for representing relationships between variables	✅		✅
Demo Mode & updating during simulation for illustration	✅		✅
Advanced simulation analyses such as stress testing & goal seek	✅		✅
Wide aray of customizable, presentation-quality graphs	✅		✅
Exportable reports to PDF and other formats	✅		✅
Multiple tornado graph views for sensitivity analysis	✅		✅
Time-series functions that represent values which change over time	❌		✅
Fast simulation speeds with multiple, unlimited processors	❌		✅
RISKOptimizer for combining Monte Carlo simulation with optimization	❌		✅
Efficient Frontier analysis to determine the optimal return at a given level of risk	❌		✅

* These prices apply when the full subscription term is paid upfront.
