Azure DevOps Guidance

Organize Your Work

Azure Boards

Deliver value to your users faster using proven agile tools to plan, track, and discuss work across your teams.

Manage Your Work

Azure Pipelines

Build, test, and deploy with CI/CD that works with any language, platform, and cloud. Connect to GitHub or any other Git provider and deploy continuously.

Store Your Work

Azure Repos

Get unlimited, cloud-hosted private Git repos and collaborate to build better code with pull requests and advanced file management.

Document Your Work

Azure Wiki

Create, host, and share information with your team, and add artifacts to your documentation with a single click.

Connection's Cloud Adoption Framework

Microsoft Cloud Adoption Framework for Azure

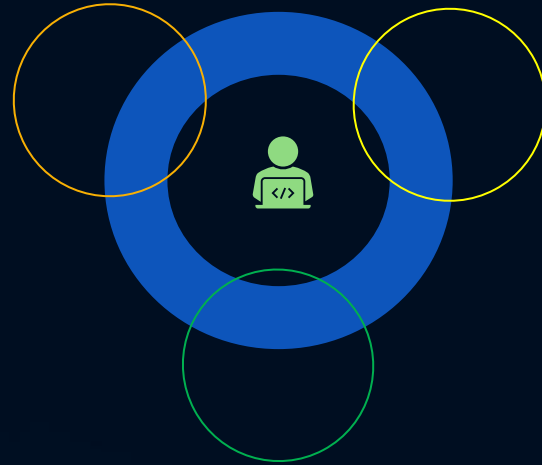

Proven business and technical guidance to help customers create and implement the **business and technology strategies** necessary to succeed in the cloud, based on a 6-stage process:

Azure 5 Star Offerings : At A Glance

Assessment & Reviews

- * Azure Migration Assistance
- * Cost Analysis, Security
- * Operational Best Practices

Handoff to other Teams

- * MS Service Practice
- * Managed Services
- * DevOps Team

Advanced Support

- * Microsoft escalations
- * Private Preview Access

Azure 5 Star Offerings (the fine print)

- Over-The-Shoulder Guidance
- Must be consuming Azure through Connection
- Willing to add Connection as DPOR and PAL
- Time allotment in 1-hour blocks
