

PC Solution's Microsoft Goals Pilot

Utilizing Microsoft Viva Goals in your own Microsoft 365 tenant will allow you to demonstrate the true value of this Pilot Program. You will receive an accelerated hands-on introduction to Viva Goals over the course of 9 Weeks from PC Solutions.

Approach and Deliverables

Week 1-2 PLAN

Week 3-8 ENABLE

Week 8-9 GROW

- ❖ Invite influential business decision-makers to support the pilot to achieve alignment.
- ❖ Imagine and debate the most important situations and objectives to concentrate on during the trial period.
- ❖ The user group that will take part in the Viva Goals app's training sessions for setting and tracking goals as well as its trial should be identified.

- ❖ Set up a Microsoft Viva Goals Trial in your production tenant, then provide certain users access to the Teams Viva Goals app.
- ❖ Receive advice on goal-setting and management, training on optimal goals and OKR practices, and assistance with Viva Goals in Teams.
- ❖ Regular status conferences to discuss the status of the pilot and any issues

- ❖ Include a summary of the most important findings and opinions expressed by pilot participants.
- ❖ Create a strategy and determine your next steps to enhance Microsoft Viva's employee experience.
