

CASE STUDY  SAFRAN

-88% Part Shortages

Behind the scenes of how Safran Transmission Systems MRO secured these results using Pelico

“In 4 months, we reduced by 88% the number of our part shortages and we don’t have any missing components left without PO associated”.

Production Planning and Supply Chain Manager

“In the past, I spent a lot of time updating Excel files, but now Pelico saves me a huge amount of time so I can focus on tasks with real added value”.

MRO Master Planner

“Pelico platform precisely helps us optimize resource usage and focus the team on value-added activities”.
