

PEPAS CLOUD MODERN WORKPLACE SUPPORT

Pepas Cloud is the partner that can help you transform your business and make it a "Modern Workplace". We can help you with any type of data migration to Microsoft 365, we will make sure that the users in your organization will get access where they are supposed to, and your data is accessed safely, and we can provide you with specialized support and technical assistance. While our migration services are a one and done service and the price and duration depends on the customer needs, our administration, support and assistance services can be purchased as a subscription or as a pay as you go service. When you need something, we are a click away from you and your team!

DATA MIGRATION SERVICES

Have you purchased Microsoft 365 licenses and do not know how to migrate your emails from the current mail system to Microsoft 365? Do you want to migrate your applications and websites to Microsoft Azure and you don't know how to do it? Do you have files and folders on a local server, in local SharePoint or anywhere else and would you like to move them to Microsoft 365? Do you want to migrate data from one Microsoft 365 account to a new one (tenant to tenant migration)? For any type of data migration to Microsoft 365 and Azure, we can help you!

ADMINISTRATION SERVICES

Have you implemented Microsoft 365 or Azure and there is no one in your team who can ensure the smooth functioning of the services and to help when needed? We can help you with creating new users, adding web domains, setting access rights, setting transport rules, DLP, Backup, creating shared mailboxes, managing SharePoint Online infrastructure, managing Microsoft Teams and many others. In short, we will make sure that the users in your organization will get access where they are supposed to, and your data is accessed safely.

SUPPORT AND TECHNICAL ASSISTANCE

Having technical issues with Microsoft 365 or Azure? Do you want to know that when you need help, you can count on a partner who can quickly solve your problems? We already work with over 100 companies from all over the world and we do it at another level. We can also help you solve your problems with Exchange Online, SharePoint Online, Microsoft Teams, OneDrive for Business, Outlook, Excel, Word, etc., in general with all Microsoft Cloud products and services.
