MICROSOFT 365 COPILOT READINESS BY PHAT

Just buy the licenses and Copilot will be by your side? – As always, it's not that simple

Copilot Readiness by PHAT helps you to prepare your organization for a successful M365 Copilot implementation

Amplify human ingenuity and innovation with AI infused across the suite of Microsoft 365 apps.

Find time to be more creative with a Copilot that works alongside you, **embedded in the Microsoft 365 apps millions of people use daily**, including Microsoft Teams, Word, Excel, PowerPoint, Outlook, Loop, and more.

- **Extend Microsoft 365 security, compliance, and privacy policies.** Keep data protected within your Microsoft 365 tenant and enforce strict security protocols.
- **Maintain control over the privacy of your data.** Govern data seamlessly across your organization, managing data sharing and access.
- **Manage critical risks and regulatory requirements.** Investigate policy violations and reduce risk with built-in automation.
