

PROTECTING OUR FUTURE: SUSTAINABILITY SUSTAINABILITY ENVISIONING SESSION

The UK government has committed to the United Nations' Sustainable Development Goals (SDGs) and is encouraging local government and public sector organisations to support delivery against two thirds of the targets. As your services impact on both the environmental and social challenges faced by the UK, you have a crucial role in helping to achieve these targets by 2030.

To support these goals, you must change behaviours within your organisation, and technology and data solutions are vital in helping you deliver this.

What to expect and who should attend?

Our Sustainability Envisioning Session (SES) explores your sustainability objectives, challenges, and actions. The session takes around 90 minutes and provides space for a thought-provoking discussion to understand your approach and the sustainability solutions available to you.

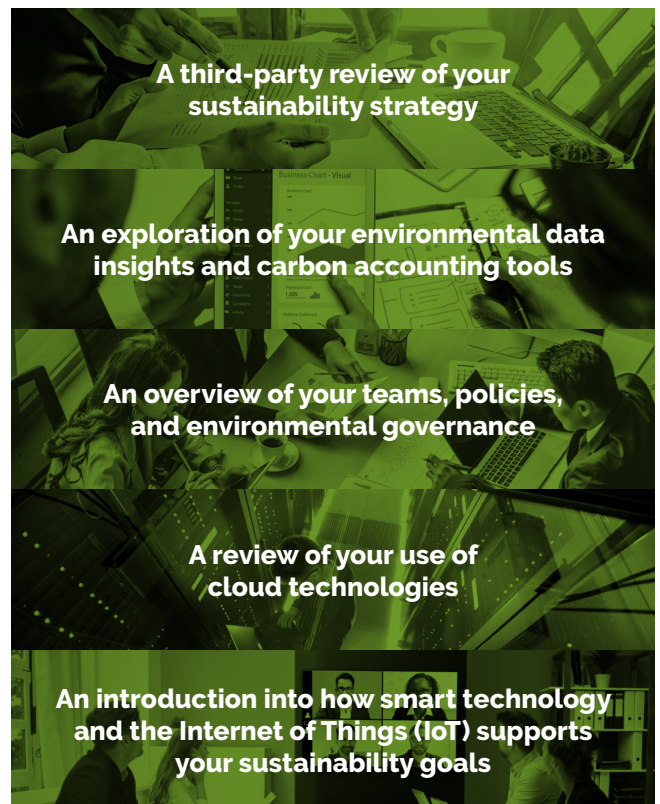

Our SES is run remotely over Microsoft Teams. To get the most out of this experience for your organisation, these sessions are best suited to your leadership team, sustainability specialists, ICT leads, and any colleagues overseeing transformation or the delivery of your sustainability objectives.

The session is tailored to your needs and supports you to understand the next steps in achieving your sustainability objectives.

The benefits

- ▶ Space and time to explore your sustainability objectives and how to reach them in more detail
- ▶ An understanding of what technology is available to help you achieve your goals
- ▶ Support with your actions and next steps

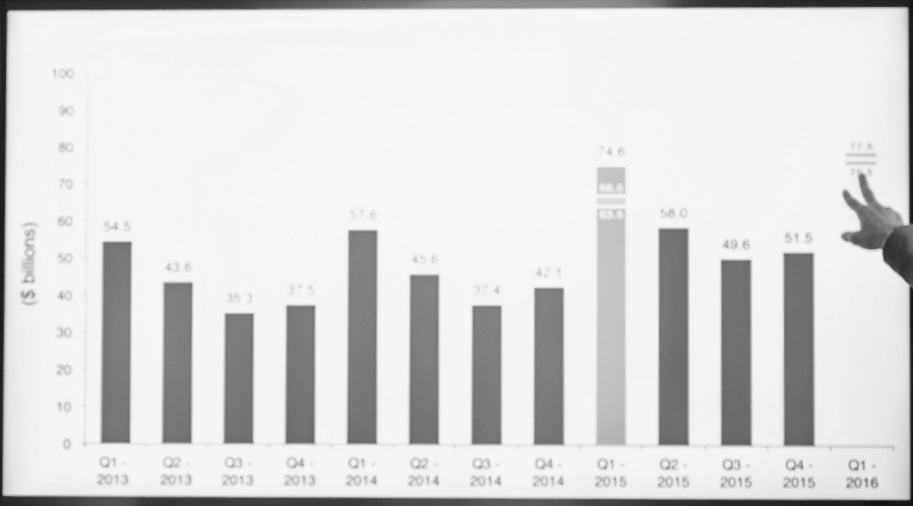

The session covers:

Why Phoenix?

We are the public sector's partner of choice with over 30 years' experience supporting central and local government, education, NHS, police and emergency services, housing association, and charity organisations with innovative IT solutions.

We understand the challenges facing the UK's public sector and work with you to help you reach your sustainability goals.

ACCELERATE YOUR SUSTAINABILITY JOURNEY NOW

Chat to one of our sustainability specialists today to find out how our Sustainability Envisioning Session supports your organisation to reach its sustainability goals faster.
