WHAT WE OFFER

Assessment phases:

Discuss – Project drivers, Windows 11 readiness

Discover – Management scenarios, capabilities and technical readiness

Design – Recommendations of readiness, tooling and processes

The next evolution of Windows is here. Windows 11 is built on the familiar Windows foundation but reimagined to boost employee productivity and enhance collaboration on the most secure version of Windows yet.

Phoenix's Readiness Assessment, provides you with Consultancy support to assess your Windows 11 readiness through your existing management tooling (Configuration Manager/ Intune), preparing you to execute a pilot deployment as part of your NextGen Windows journey.

The Windows 11 Readiness Assessment will include:

- Business view of Windows 11 features and benefits
- Live analytics of your device estate readiness for Windows 11
- High level recommendations and findings to adopt (and manage) these technologies
