# Pink Elephant Copilot-Aided Modern Work-as-a-Service

AI REQUIRES A NEW APPROACH

WORK AS WE KNOW IT MUST BE REINVENTED

Scope of the change is massive and will involve nearly everyone.

IMPLEMENTATION REQUIRES CONSTANT APPROACH

Continuity is key – Old fashioned projects won't work.

OUT OF THE BOX SOLUTIONS ARE NOT ENOUGH

Integrations with other systems and teaching AI the correct inputs and outputs is crucial.

BENEFITS OF COPILOT-AIDED MODERN WORK-AS-A-SERVICE

- Continuous development
- Always up-to-date and supported
- Uncovering of use cases

- From concept to solutions
- Training is key in journey
- Pink Elephant IPR library

- Security, governance and compliance
- Responsible, sustainable and ethical

PHASES OF THE SERVICE

PREPARATION, TECHNICAL READINESS AND PILOT

- We kick-start your journey with an upskilling program focused on AI-based work processes
- Together we run workshops in order to gain understanding of what AI is, what is it capable of and where it is going and how you use it.
- We ensure technical readiness, analyze information protection, compliance, and ethics
- Together we identify and build use-case scenarios where AI can bring the most value to your organization

COPILOT DEPLOYMENT

- We deploy Copilot to a selected group of people within your organization
- Optimize use cases
- Create your first set of customer-centric Copilot plugins
- Organization is trained to use the solution and to get the most out of modern ways of working

CONTINUOUS DEVELOPMENT

- Roll out to more user groups
- Create increasingly advanced use cases
- Keeping your environment up-to-date
- Adoption and Change management

PRICING

Fixed-monthly-fee service with 30-day notice time:

- Gold: 17 900 € / month
- Silver: 12 900 € / month

Each phase of the service incorporates Pink Elephant's expertise in security, governance, ethics, and legal considerations that come with adopting AI-enabled solutions.

Our training services and support are of course included in all the phases.
