

Pink Elephant Copilot for Modern Work Essentials

Welcome to Copilot for Modern Work Essentials...

WHAT?

A subscription service to help organizations deploy and adopt Copilot for Microsoft 365.

FOR WHO?

For organizations who prefer a flexible subscription option for Copilot for Microsoft 365 deployment and adoption.

How?

Through documentation, templates, one-to-many guidance and training + personalized support from a trusted advisor pool.

Our approach

Preparation

★ Enrollment to service

Goal: To prepare for deployment of Copilot by creating awareness and ensuring technical requirements are met.

Deployment and training

★ License roll-out

Goal: To acquire the necessary skills and know-how to use Copilot for M365 effectively and to continue awareness building.

Continuous development

★ Transition to continuous development

Goal: Reinforce the change by continuous training and awareness building. Moreover find further use-cases for Copilot by deploying extensions and integrations.

One-to-many sessions

“One-to-many” means that you are joining guidance and training sessions along with representatives from our other customers.

All sessions run **each month**. Most sessions take place at least two times a month. Simply just sign up from our support & materials hub’s event calendar.

Guidance sessions are targeted for your organization’s Copilot for M365 deployment team. **Training sessions** are for everyone in your organization with a Copilot for M365 license.
