Planet ✔erify

What is PlanetVerify for HR?

PlanetVerify is a platform for the collection and storage of personal information. HR teams use it as an end-to-end solution for requesting, gathering and storing job applicants' data and documentation

- ❖ Personal data is collected automatically from job applicant
- ❖ Automatic email and SMS reminders until everything in
- ❖ All data stored in one place so secure and GDPR compliant
- ❖ HR manager notified when all necessary docs/data arrived
- ❖ All data easily accessible from any computer
- ❖ Collect medical certs automatically from absent staff
- ❖ Two factor authentication available for personal data
- ❖ Automatic purge/archive data rules may be set up in advance
- ❖ All payroll data may be uploaded to payroll software
- ❖ IBAN numbers checked as employee enters them
- ❖ Final contract can be eSigned through employee's device

BENEFITS USING PLANETVERIFY

- ❖ Manage and be seen to manage personal data professionally and securely

- ❖ No more scanning, chasing, phoning, emailing for correct data/docs

- ❖ Removing multiple micro tasks is a huge time saver in a busy day

- ❖ Personal data managed in a centralised GDPR compliant manner

- ❖ Potentially very high savings in automatic collecting of medical certs

- ❖ Remove transcribing errors in the case of unclear handwriting

- ❖ No more clicking on unknown attachments thereby reducing risk of virus/hacking

- ❖ Direct link from HR/Payroll to employee is more efficient and secure

- ❖ Removes the paperchase through multiple departments/offices
