POLY MICROSOFT TEAMS ROOMS: PRE-ENGAGEMENT

Your company has already decided, or is in the process of deciding, to migrate to Microsoft Teams. And now, you have several conference rooms (potentially across many locations) where you would like to enable a native Microsoft Teams experience with Poly's Microsoft Teams Rooms Solutions. How do you proceed? What steps must you take to ensure a seamless deployment? Have you considered remote participants? What about hybrid working and how this impacts your business strategy?

Poly Microsoft Teams Rooms Pre-Engagement provides you with an introduction to Microsoft Teams Rooms and your options.

THIS PRE-ENGAGEMENT SERVICE DELIVERED REMOTELY INCLUDES:

1. Understanding your needs, timeline, and business expectations
2. Discussing your hardware, software, and licensing requirements
3. Reviewing Professional Services requirements and your deployment options
4. Illustrating how to embrace and realize the benefits of a hybrid working strategy

Unlock the full potential of your Microsoft Teams Rooms and enable everyone to be seen, heard, and fully participate from anywhere with Poly Microsoft Teams Rooms Pre-Engagement Service.
