Understand, Rationalise and Plan your Organisations Security Strategy with a Zero Trust mindset.

Helping organisations reach business goals through platform optimisation and operational efficiencies.

POWERON'S ZERO TRUST ADOPTION PLANNING – SOLUTION ALIGNMENT HELPS YOU BETTER UNDERSTAND, RATIONALISE & PLAN YOUR SECURITY STRATEGY.

The Zero Trust Adoption Planning - Solution Alignment is designed to support your understanding and plan your Secure Organisations future with Microsoft services. Looking across Data, Apps, Infrastructure, Network, Identities and Endpoints.

THE SOLUTION ALIGNMENT WILL SUPPORT & CONSIST OF:

- **Workshop & Documentation** to provide hands on engagement and long-term results of the sessions.
- **Maximize your investment** in the current Microsoft Security Licensing held by your organisation.
- Discussion lead, interactive workshops to discuss, review **and define a roadmap** for future Microsoft security product adoption based on business requirements.
- **Business and Technical Documentation** containing supporting information to plan the future adoption of security product and features to support your security posture and maximise investment.

Zero Trust Adoption Planning - Solution Alignment

THIS TAILORED ENGAGEMENT IS DESIGNED TO **UNDERSTAND**, **RATIONALISE** AND **PLAN** YOUR NEXT STEPS AND RECOMMENDATIONS TO DELIVER A MORE EFFECTIVE AND **CONCISE SECURITY STRATEGY** WITH MICROSOFT TECHNOLOGIES WITHIN YOUR ORGANISATION.

THE 'ZERO TRUST ADOPTION PLANNING – SOLUTION ALIGNMENT' IS FOR…

Businesses of any size looking to either;
- Understand your threat and security landscape
- Review Microsoft's position within your IT security considerations
- Rationalise a growing estate of 3rd party security vendors with Microsoft
- Increase the utilisation and ROI on your M365/EM+S investments
- Have a requirements for solutions across IT, Threat, Device & Data security

POWERON, FUELLED BY PASSION

Based in the UK, PowerON believe that great I.T. can help make the world a better place. Our team lead with a consultative approach and are passionate about assuring the best possible outcomes for clients. As a trusted IT Managed Service and Consultancy provider our clients have assurance in knowing we will make their organisation work more effectively.

	• High level Gap analysis of recommendations.
	• High level implementation plan of recommendations.
	• GANTT charts displaying potential implementation timelines.

Customer Wins

McLaren

*Microsoft Strategy Workshop, following by a full E5 ROI & Zero Trust review and forward plan.*
Redcar & Cleveland Council

Following a breach. Deep Azure, Identity & EMS work to remediate their entire security posture.

East Lancashire Hospitals

*Security Planning and Adoption with massive focus on Zero Trust Identity pillr.*

Solution Benefits

Understand…

- Microsoft security services and offerings
- Current license coverage for Microsoft Security Solutions (EMS, O365, Windows & M365)
- Microsoft services vs 3rd party vendors.

Drive E3 & E5…

- Get most out of your current M365 E3 licensing/services.
- Review key services across E5 suite…to drive true secure, compliant and centralized control across your estate.
Support your phases…

- Security is a long and complex path. Our services are designed to support, guide or execute as much or as little, to ensure your short- and long-term security objectives are achieved.
Holistic approach…

- Ensure you consider your Users, Devices, Data, Apps, Threats as one landscape.
- Consolidate strategy, control and reduce risk profile.

Industry Focuses
