

Practical Solutions Inc.

Turning Chaos to Order since 1997

Headquartered in Washington DC, we are a trusted partner helping clients navigate complex IT challenges for short and long-term business needs.

With a global clientele, our skilled team is known for its exceptional service, in both, product and services-based solutions.

WE SPECIALIZE IN:

- Managed Services
- Microsoft Product Solutions (MS 365, Dynamics, etc.)
- Workplace Modernization
- Migrations
- Network Transformation
- Security Optimization
- Strategic Planning
- Data Analytics
- Program Development
- Cyber Security

Our services are not just one-time solutions. We look to partnering with you on a long-term basis to ensure we continuously provide you with the best practical, realistic, and individually designed solutions that fulfil your business needs, while maintaining transparency and excellence in our engagement. We also ensure our team is constantly upskilling, innovating and adapting the latest methods and solutions.
