PRAGMATIQ

POWER PLATFORM CONSULTANCY

DELIVERING BESPOKE SOLUTIONS
TO ACHIEVE FUTURE SUCCESS

ABOUT PRAGMATIQ

THE TEAM

Pragmatiq was established in 2017, by Co-Founders Stuart Goldwater and Jamie Evans. We are growing quickly and have a mix of resources across the team.

SPECIALISTS

We are specialists in Microsoft Dynamics 365 (CRM) & the Power Platform. Services include Consultancy, Implementation, Training, Helpdesk Support and Project Recovery.

SOLUTION DESIGNATION

We are a Microsoft Solutions Partner, Holding over 40 official Microsoft-approved certifications, demonstrating our credibility and expertise.

AWARD-WINNING

Pragmatiq has earned over 15 award nominations and wins in categories like 'Employer of the Year', 'Technology Business of the Year', and 'High Growth Business of the Year'.

END-TO-END SERVICES

We work closely with you through the whole project cycle, from consultancy to implementation and beyond, to ensure you gain real value from the technology.

INDUSTRY EXPERIENCE

Over the years, we've gained experience across a range of industries, including Charities & Non-Profits, Membership Management, Education, Training Providers, and more.

A CONSULTATIVE FOCUS

Taking technology out of the conversation initially, we work closely together to understand the organisation, processes, challenges and what is trying to be achieved, so we can advise on the right solution. We strive to be a trusted partner to all our clients and are committed to delivering the same outstanding service to every client, regardless of industry or size.

WE ARE PASSIONATE AND WE CARE

We are passionate about what we do and head into work every day excited about working with our customers and what we can achieve. We recognise if you like what you do, you will do it better and deliver to a higher standard.

SIMPLE LANGUAGE

We recognise that using 'technical jargon' can be a barrier in some conversations. Our experts are not only technically capable, but are able to identify business challenges and explain how they can be solved in simple language.

WHY BUSINESSES CHOOSE PRAGMATIQ

SOME OF THE CLIENTS WE HAVE WORKED WITH

Over the years, we have worked with a range of organisations, spanning various sectors.

This provides a snapshot of just some of the clients we have worked with...

ACCREDITED MICROSOFT SOLUTIONS PARTNER

Microsoft Solutions Partner
Business Applications

WHAT DOES THIS MEANS FOR OUR CLIENTS?

› **Experience:** This recognition demonstrates our commitment to delivering the best service for our clients, the skill level of our technical team and our experience in implementing successful projects across the Microsoft ecosystem.

› **Specialists:** Partners must demonstrate expertise in specific areas such as performance, skilling and customer success. This means that we are truly experts in the field and our clients can be confident that when working with us, we deliver a specialist experience.

› **Innovation:** Microsoft continuously invests in their technology, which means the solutions are always evolving. We are closely connected to these changes, ensuring that we are at the forefront of emerging developments and able to implement the very best solutions for our clients.

› **Enhanced support:** We have direct access to continuous technical support and insights into all the latest updates from Microsoft.

› **Dedication:** This accreditation reflects our ability to align with Microsoft's core focuses and our dedication to delivering solutions that are tailored to the unique needs of our customers.

POWER PLATFORM CONSULTANCY

WHAT'S INCLUDED

Our Power Platform Consultancy package allows you to purchase a block of hours, that can then be drawn down on when required, to use for support across the Power Platform

Below are a few examples of how your hours could be used:

› **Consultancy** – We can help you better understand how you can leverage the Power Platform within your business, whether you need additional expertise, or are exploring the technology for the first time

› **Training** – If you are already using the Power Platform in your business, you can use your hours for extra training in a particular area, or to ask specific questions about a particular application

› **Build Reports/Dashboards with Power BI** – We can help you leverage Power BI in your business to gain deeper insights into your data. Use your hours for areas such as gathering data, setting up dashboards, creating reports or training users, to name but a few examples

› **Develop an application** – You might identify an area of the business that would benefit from an application, such as a holiday request app for example, or a more comprehensive solution, such as a relational database. We can work with you to develop this with Power Apps and launch it within your organisation

› **Automate processes** - We can leverage Power Automate to help automate processes across your business. Your hours could be used to build anything from simple automation to complex business flows to streamline processes and help you get things done quicker

› **And more!**

POWER PLATFORM CONSULTANCY

PRICING

You can purchase blocks of 5x days at £6,200 + VAT and draw down on these hours as and when you require them.

Once you have purchased your initial block of days, you are then onboarded onto our Managed Service Portal. Once onboarded, you can then access our team of experts, and raise queries for support on areas across the Power Platform.

THANK YOU
