

Office 365

OnBoarding & Change Management

In such a competitive market, companies regardless of their size need a technology capable of offering flexibility to their business and increasing the value of the organization in a profitable way. Office 365 cloud services are one way to achieve these goals.

Microsoft 365 is Microsoft's productivity, communication and collaboration platform hosted in the cloud that brings together the main tools with the highest value and in its most recent version.

Thanks to the effectiveness of these online services, any organization, regardless of its size, can reduce time and costs.

Microsoft 365 is a complete solution that offers users the ability to work at any time and from anywhere, communicate by video conference with anyone, share their work in real time and with complete security, use email, calendar and contact information from practically all types of devices, have a collaboration intranet for all employees and control all company information with robust security and privacy controls.

OFFERING

PRISMA
Soluciones Tecnológicas

GLOBAL CONTEXT OF THE SOLUTION:

THE CONSULTING SERVICES OF PRISMA SOLUCIONES TECNOLÓGICAS ACT AS A KEY ELEMENT IN THE DEPLOYMENT OF THE SOLUTION, DESIGNING AND IMPLEMENTING THE CLOUD SOLUTION LOCALIZED TO THE BUSINESS REQUIREMENTS AND REGULATIONS REQUIRED BY THE COMPANY, INTEGRATING THE KNOWLEDGE IN THE DEFINITIONS ASSOCIATED WITH THE PROCESSES, IN ADDITION TO THE SOLID EXPERIENCE ON THE TECHNOLOGIES INVOLVED.

OUR OFFICE 365 PLATFORM EXPERTS WILL HELP YOU WITH THE NECESSARY MIGRATIONS, DEPLOYMENTS AND CONFIGURATIONS TO ENSURE THAT THE ENTIRE COMPANY'S CURRENT EMAIL STRUCTURE IS MIGRATED TO THE NEW OFFICE 365 CLOUD PLATFORM.
