

## Quickly deploy virtual desktops and applications to enable secure remote work

*Prisma, the best partner that can guide and advise you in the process of adopting to the cloud*

### Windows Virtual Desktop

It is a comprehensive application and desktop virtualization service that runs in the cloud. It is the only Virtual Desktop Infrastructure (VDI) that offers simplified management, Windows 10 for multiple sessions, optimizations for Microsoft 365 Business Applications, and support for Remote Desktop Services (RDS) environments. Deploy and scale Windows desktops and applications in Azure in just minutes and get built-in security and compliance features.

A more secure and productive virtual desktop experience on Azure with Microsoft 365

Deploy a complete smart solution that enhances creativity and collaboration for everyone. Switch to Microsoft 365 for Office 365, Windows 10, and Enterprise Mobility + Security.

Deliver the only multiseession Windows 10 virtual desktop experience

Enable optimizations for Microsoft 365 Business Applications

Migrate Windows Server Remote Desktops and Applications to Azure

Deploy and scale in minutes
