

ImpactNOW: Generative AI

Fast track Generative AI Strategy & Building

Set your gen AI vision that meets business goals

Blueprint gen AI architecture and implementation roadmap

Working gen AI prototype for hands-on evaluation

Speed up gen AI development time cost-effectively

2-WEEK PROCESS

1

Discovery Call

30-minute discovery call to define the gen AI use case.

2

Workshops

Two 90-minute interactive workshops to deep dive into the use case.

3

Two-Week Sprint

Deliver outcomes such as:

- Working prototype
- Architecture diagram
- Implementation recommendations
