Microsoft 365 Business Premium

One solution to run your business securely, from anywhere

Office apps and Microsoft Teams

Cyberthreat and data protection

Secure remote access

Device management

New!
Microsoft Defender for Business

Comprehensive solution

Top rated security vendor

Cost–effective and easy to use

Top 5 benefits of Microsoft 365 Business Premium

1	**Communicate and collaborate effortlessly**	Spend less time switching between apps and searching for files so you can spend more time being productive.
2	**Enable secure remote access and protect against stolen passwords**	Advanced multi-factor authentication plus conditional access policies help ensure that only authorized users have access to company data., even if passwords are lost or stolen,
3	**Secure endpoints and protect yourself against ransomware**	**New!** Microsoft Defender for Business brings enterprise-grade ransomware protection with Endpoint Detection and Response and Automated Investigation and Remediation. Protects a range of devices* - iOS. Android, Mac, and Windows.
4	**Safeguard sensitive data**	Email encryption, Data Loss Prevention and Azure Information protection helps safeguard sensitive ad confidential data against unauthorized access.
5	**Secure work data on personal devices**	Keep business data limited to secured locations on personal devices, while keeping work and personal apps separate. Protect against lost or stolen devices with remote wipe.

Duration: 5 Days
