Summary

Summary, brief, digest, synopsis are terms for a short version of a longer work. A summary is a brief statement or restatement of main points, especially as a conclusion to a work: a summary of a chapter. A brief is a detailed outline, by heads and subheads, of a discourse (usually legal) to be completed: a brief for an argument.

Dynamics CRM Deployment

Next Steps is one of the biggest and most important studies of the generation born in 1989-90 anywhere in the world. It began **following** 16,000 young people who were in Year 9 in 2004 at state or independent secondary schools across England.

5/12/2020

1. Position the cursor where you want to insert the bullet list.
2. On the Home tab in the Ribbon, click the bullet list button
3. If successful, a bullet should appear. Type any text and press Enter to start the next bullet.

Below is an example of a bullet list.

About Us

- Project Made Easy is a **project management consulting company**
- Project Made Easy, Inc. is **certified for SBA 8(a) program**
- Established in **2007**, we have completed more than **200+** implementations of Project and SharePoint and trained more than **1,500** users and practitioners
- A **Microsoft partner** since **2009**, with either **Gold partner** status or **Gold competency** in Project and Portfolio Management since **2011**
- **Application Development** and **Cloud Productivity Silver Partner**

Our Mission

Project Made Easy is a information technology consulting firm, specializing in the installation, implementation, and support of the Microsoft enterprise project management tool suite.

In addition, Project Made Easy develops and deploys custom solutions based on the Microsoft project management tool suite and provides role-based training to educate users on how best to use these technologies to achieve their project, program, and portfolio management goals.

Project Management Professionals (PMP)
Microsoft Certified Information Technology Specialists (MCITP)
