How to set up a portal for communication to your teams with Viva Connections

Viva Connections

Communication and culture

Keep everyone connected

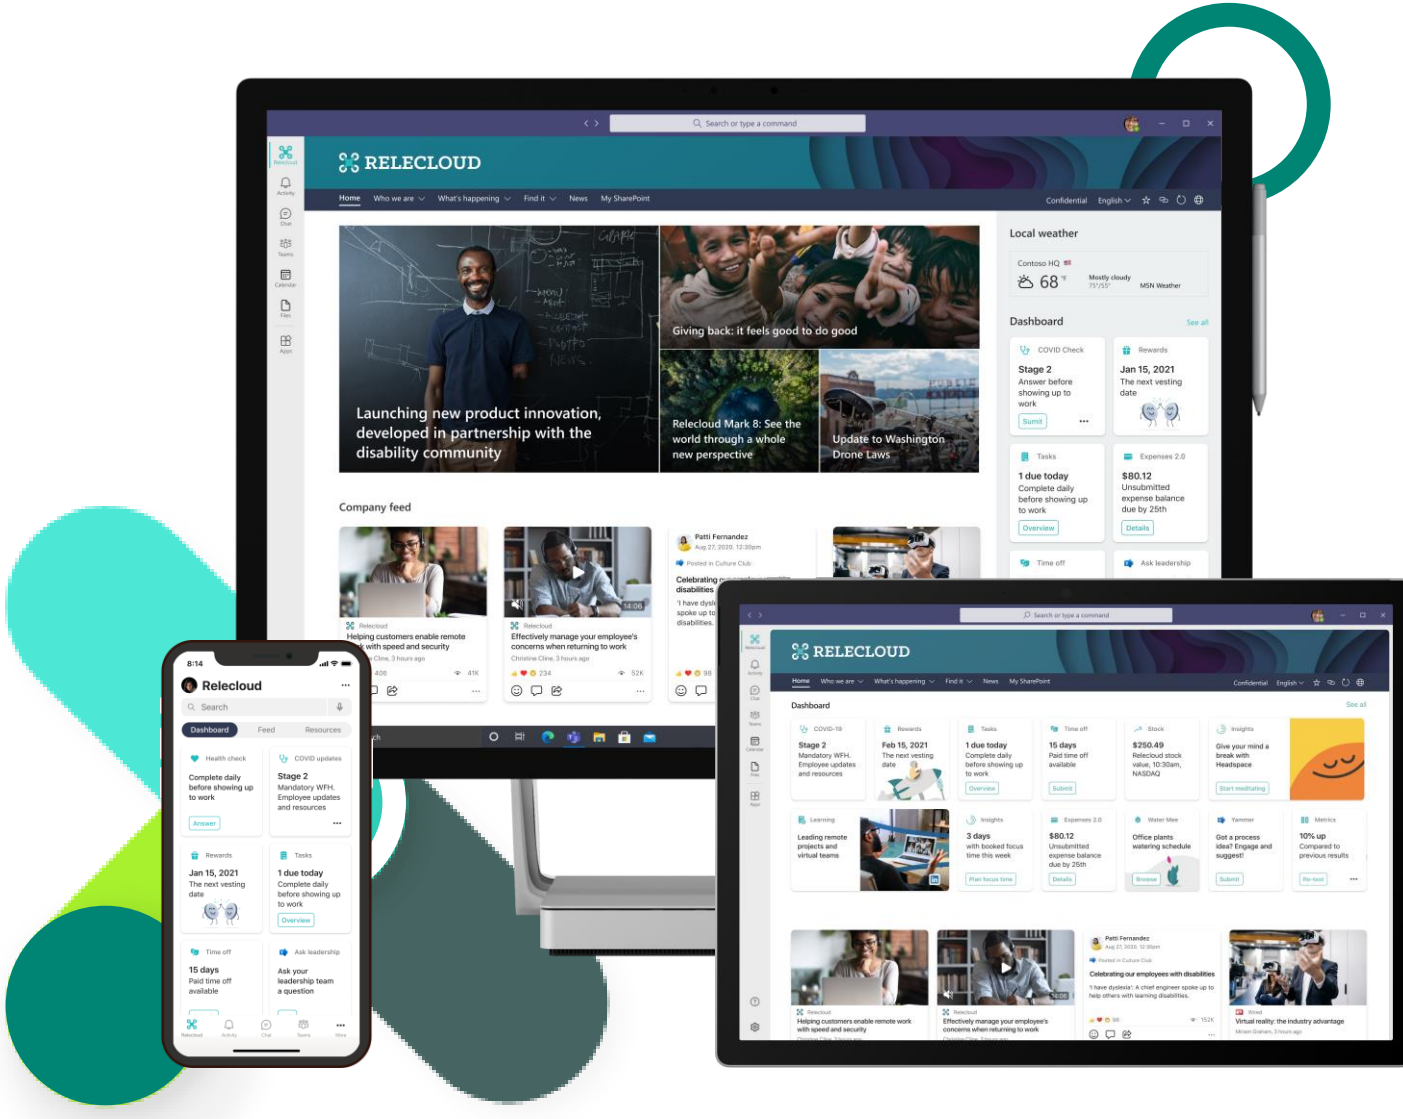
Encourage meaningful connections within the organization by facilitating staff access to relevant communications and communities.

Facilitate engagement

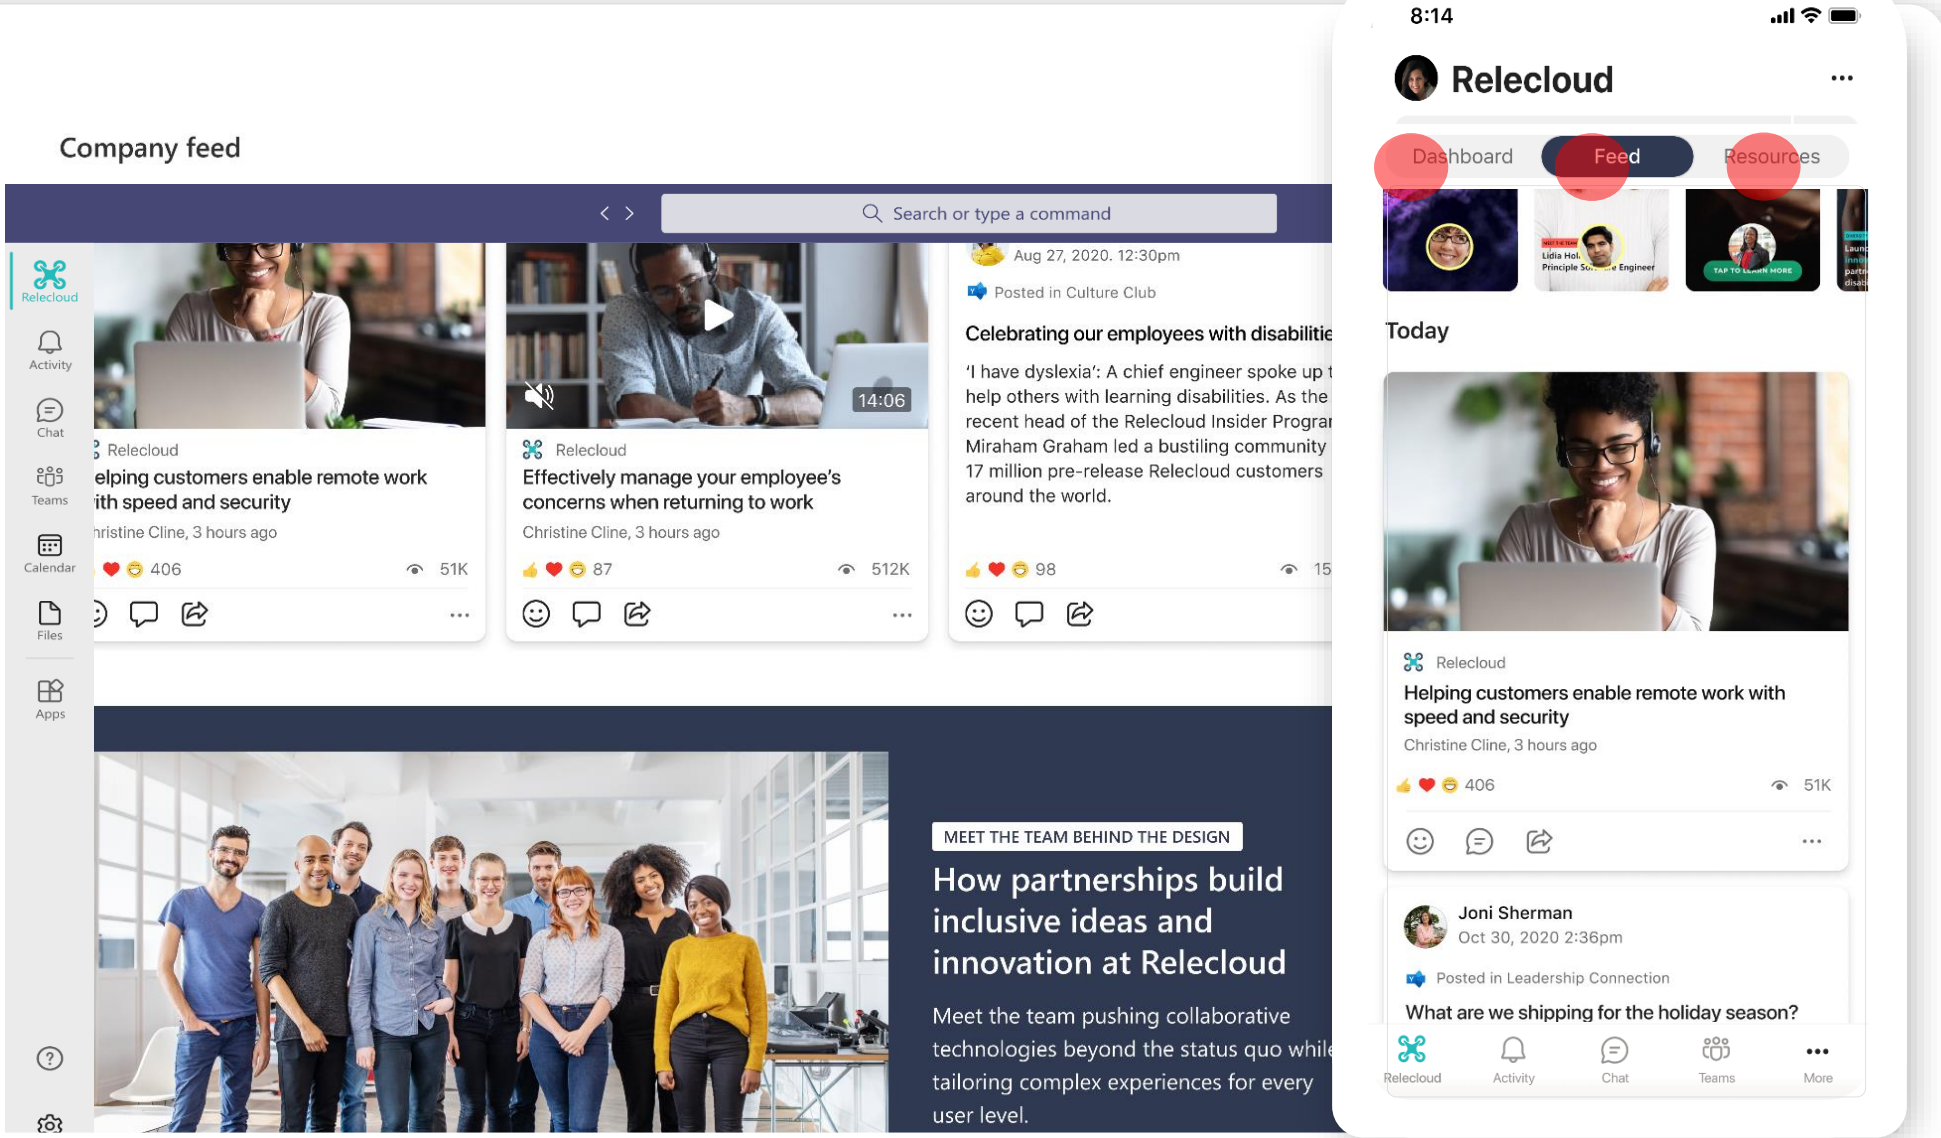
Foster a culture of inclusion by empowering everyone to contribute ideas and input.

Unite your organization

Align the entire organization with your vision, mission, and strategic priorities.

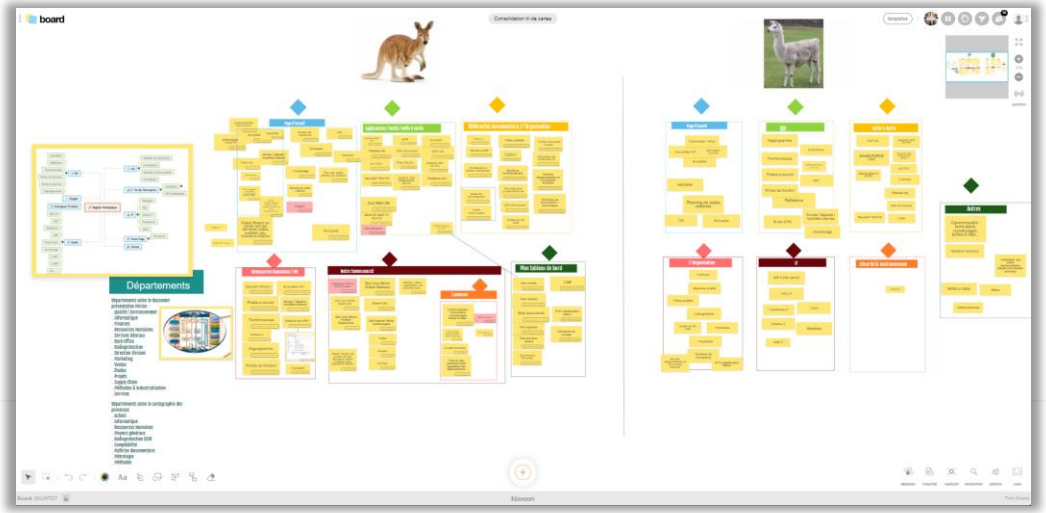


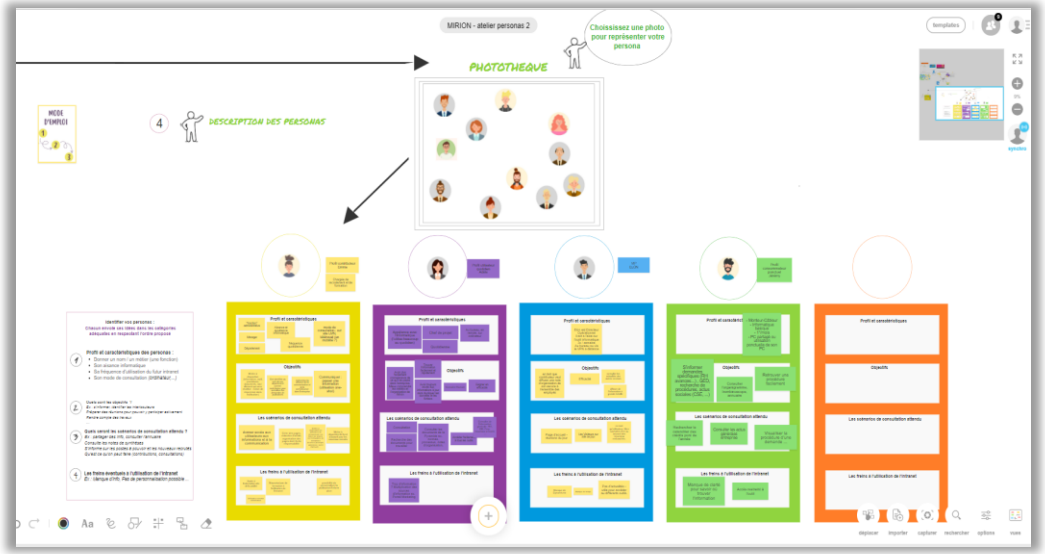
Viva Connections – Application in MS Teams Desktop or Mobile



Specification workshops of your Viva Connections space focused on the business and needs

- General framing
- Personae workshop and Card Sorting
- UX Design Workshop
- Security Workshop





Specification workshops of your Viva Connections space focused on the business and needs

- Typical load plan to cover the specifications and the realization of a Viva Connections portal (excluding the realization of custom adaptive maps).
-

Designation
