Viva Implementation

Microsoft Viva is an employee experience platform that brings together communications, knowledge, learning, resources, and insights in the flow of work. Powered by Microsoft 365 and experienced primarily through Microsoft Teams. Viva helps elevate each employee's experience— how they engage, find knowledge, learn, and work. By improving productivity while also supporting people's wellbeing, Viva helps the whole organization thrive. Microsoft Viva includes Viva Connections, Viva Topic, Viva Insights and Viva Learnings as the initial set of modules.
