

Migrate Exchange to Microsoft 365

ABOUT PROVISIONS GROUP:

A full-service IT consulting provider, we offer advisory, engineering, and managed services across a wide variety of IT needs and opportunities including software, data, infrastructure, security, and bizapps.

WHAT WE OFFER

Building on the experience of working with an increasingly impressive portfolio of customers, Provisions Group will quickly understand your environment, map your environment to Microsoft 365 services, and then migrate those services to Microsoft 365.

By making use of migration tools, Provisions Group will discover, assess, map, migrate, test, and cut-over your workloads to Microsoft 365 in record time with fewer issues.

When you combine the premiere class migration tools with the hardened experience of Provisions Group, you will end up with a more accurate migration plan, higher confidence in your migration outcome, and lower risk to achieve that outcome. Let us help you get to Microsoft 365!
