

Do More with Microsoft 365

Anywhere productivity, security, and savings with Microsoft 365

A workshop offered by PSM Partners

Join us for an engaging live workshop based on real-world scenarios where we'll demonstrate how Microsoft 365 can solve key business challenges. Experience how you can collaborate and work efficiently from virtually anywhere, improve security, and maximize your technology investment.

As a Microsoft partner, PSM Partners is committed to helping you make the most of powerful new workplace technologies. We're excited for you to join us so we can share insights that could help your business save time and money while being more productive and collaborative.

Also available: Microsoft Teams Essentials workshop

Are you looking for an all-in-one meeting, calling, and team collaboration solution that's highly flexible and affordable? Microsoft Teams Essentials could be the right solution for you. We also offer a Teams Essentials workshop in the same engaging, live format. We're happy to help you decide which one is right for you.

Microsoft 365 helps you succeed in a fast-moving world of hybrid work by

- Enabling people-led business growth with real-time collaboration tools
- Safeguarding your business with enterprise-grade security
- Reducing your cost with a unified solution that is easy to manage

Key challenges you can address using Microsoft 365

- Hybrid work: **84%** of business leaders are investing in digital tools to support hybrid workⁱ
- Security: **88%** of small and medium businesses feel they are vulnerable to an attackⁱⁱ
- Cost reduction: Experts recommend companies increase cash reserves to cover a year, up from three to six monthsⁱⁱⁱ

How does Microsoft 365 help you make the most of your budget?

1. Consolidate software licenses
2. Simplify IT
3. Lower travel costs
4. Automate management
5. Reduce the risk of costly data breaches
6. Increase productivity

Microsoft 365 offers one solution to run your business securely, from anywhere—bringing together Microsoft Teams and Office with enterprise-grade security.

Be productive anywhere

Get work done and stay connected whether you're working remotely or onsite with the ability to chat, call, host meetings, share documents, collaborate, and more.

Get more of what you need in one solution

Microsoft 365 includes Microsoft Teams, cloud storage, and familiar Office apps with advanced security options. Use it to chat, call, host online meetings, and collaborate in real time.

Safeguard your business with built-in security you can trust

Protect against malware, viruses, phishing, ransomware, and sophisticated emerging threats with intelligent, proactive security.

According to "The Total Economic Impact™ Of Microsoft 365 For Business, "With Microsoft 365 for business, small and medium-size businesses can enhance collaboration, improve productivity, and seamlessly support secure remote work."^{iv}
