

SoKet For Human Capital

Is a self-service application for frontline workers in one organization.

Features:

- Request Form 
- Report Form 
- Greeting Form 
- Update Form 

SoKet for Human Capital (SHC) can be accessed through Microsoft Teams, either through mobile devices, desktops or web browsers. Improve and integrate your existing system and optimize the productivity of your employees with paperless procedures and automatic bots. With SHC, employees will be given convenience and a more effective way of carrying out administrative processes.
