Cloud SIEM Services

Mitra Integrasi Informatika (MII) provides Cloud SIEM as a service(Csaas) in a single offering built for organizations that use a lot of cloud environments, providing consistent security monitoring & response.

Automatically scale to meet your organizational needs, and only pay for the resources you need. MII Cloud SIEM Services leverages a human-driven approach with a creative focus on clues and hypotheses to detect and eliminate threats.
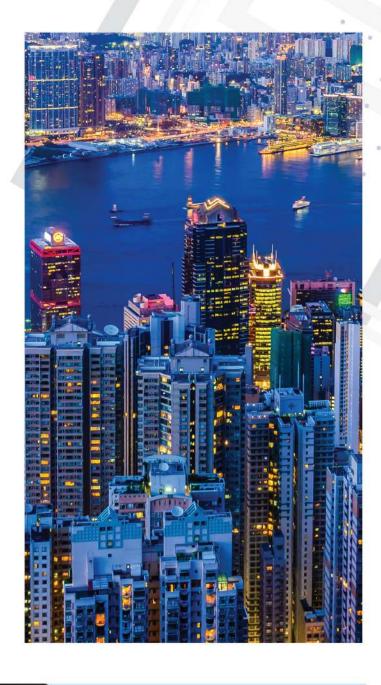

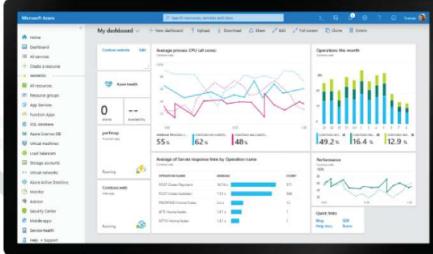

KEY BENEFIT

Cost Savings:

- Cost saving on Technology (SIEM, Database, Ticketing System)

- Cost saving on Security Analyst (Hiring, Training, Certification)

- Cost saving on Security Operation Center Facilities

- Predictable license cost, only pay as you use

- Ingest Log from Office365 audit logs, Azure activity logs, and alerts from Microsoft threat protection solutions with no license costs

Knowledge and Expertise:

- Accessing IT Security Expert

- Getting the latest security trend and issue

- Up to date technology and information regarding security issue

- Proactive Security Approach rather than Reactive Security Approach for Security Monitoring

Main Features

- Deployment

- 24*7 Security Monitoring by MII Security Expert

- Incident Handling & Response

- Periodic Vulnerability Assessment

- Digital Forensic

- Affordable Pay as you use cost

- 90 days data retention

MEAN TIME TO RESPONSE & REPAIR
