QUANTUM **EDGE**

WHAT IS QUANTUM PMO?

Is Quantum Edge's flagship product, an Advanced Agentic, voice-enabled Project Management platform built to transform how enterprises work.

WHAT CAN QUANTUM PMO DO FOR YOU?

- **Manage projects by talking to them.**
Create tasks, get instant updates, and generate reports automatically so you can focus on leading, not chasing updates.
- **AI teamwork behind the scenes.**
Multiple intelligent agents (led by PAM) collaborate to automate work, predict outcomes, and align projects to your business goals.
- **Integrate with your ecosystem.**
Connects Microsoft Project, Jira, Smartsheet, Power BI, and more with live, bi-directional updates.
- **Enterprise-secure on Microsoft Azure.**
Built for scalability, security, and compliance powered by Microsoft's Azure AI Foundry.
- **Data-driven visibility in real time.**
Uses Fabric, Lakehouse, SQL, and CosmosDB to deliver visibility and predictions.
- **Powered by  Eleven Labs**
Our voice experience is powered by ElevenLabs, leveraging best-in-class voice technology for fast, natural, and multilingual AI interactions.

BUILT FOR PMOS AND ENTERPRISES FACING GROWING COMPLEXITY, LIMITED VISIBILITY, AND THE END OF LEGACY TOOLS.

A CRITICAL TRANSITION POINT FOR PMOS

Project Online

URGENT: 8-Month Window

**MS PROJECT ONLINE DIES IN EXACTLY 254 DAYS.
10 MILLION USERS. ZERO MIGRATION PATH.**

Effective 30 September 2026, Microsoft will move Microsoft Project Online to end of life. Quantum Edge migrates all projects, tasks, and resource data to QuantumPMO and connected target systems like Smartsheet, providing not only flawless transition but also transform ways of working to the Agentic Era.
