<div></div>	<div></div>	<div></div>	<div></div>	<div></div>

As a full-service provider for digitally networked solutions, we offer all relevant services from a single source

CONNECTING

Work with us to tap into your most valuable resource - your data - and automate your processes seamlessly.

SUPPORT

Securely connected 24/7: The lifeblood of our customers flows through our solutions. We make sure that it really does always flow.

DEVELOPING

Innovative software development for your individual requirements.

MONITORING

Overview meets efficiency: with our monitoring, you have a clear overview of all processes and can make data-driven decisions in real time

A school of yellow-striped snappers swimming in clear blue water. The fish are white with bright yellow vertical stripes and a yellow dorsal fin. They are swimming towards the left of the frame. The background is a deep blue with some lighter blue and yellow streaks, suggesting movement or light filtering through the water.

**Meet all legal requirements and optimize your
invoicing processes at the same time with E-
Invoicing by QUIBIQ**

QUIBIQ eDocService (eInvoicing)

QUIBIQ eDocService for worldwide eInvoicing and eDocument exchange

Modules

QUIBIQ eDocService Roadmap*

Clearing Center integration for eInvoicing					
2024		2025		2026	
 Italy	 Romania	 Poland	 Mexico	 Germany	 tbd
 Malaysia	 Portugal (in preparation)	 France		 Spain	 USA
 Greece	 Norway,  Sweden,  Belgium via PEPPOL				
	 Denmark via PEPPOL				

*Rollout dependent on customer requirements and legal regulations

QUIBIQ eDocService (eInvoicing)

QUIBIQ eDocService for worldwide eInvoicing and eDocument exchange

Capabilities of the eDocService

Highly efficient partner self-onboarding thanks to optimized workflow, modern UI and fully automated partner systems

Customer sends a partner onboarding request to the eDocService via API with all required master data

eDocService configures itself independently and contacts partners

Partner logs into eDocService

- checks and supplements its profile
- Provides technical details such as certificates, passwords and URIs
- Immediately performs self-test (incoming and outgoing)
- Determines its GoLive date
- Completes the on-boarding successfully

QUIBIQ support is available in case of problems

QUIBIQ eDocService (eInvoicing)

BMW opts for QUIBIQ eDocService for worldwide eInvoicing

QUIBIQ eDocService is a full-service EDI-as-a-Service platform in Microsoft Azure

BMW decides to switch from OpenText to QUIBIQ

QUIBIQ integrates 40 BMW business processes into the eDocService in 5 months

QUIBIQ migrates over 5,000 EDI partners worldwide in 7 months (go-live was 1.1.24)

Capabilities of the eDocService

Comprehensive EDI functions

Self-Service OnBoarding Portal - Reduces EDI partner effort to well under 1h

Automatic TAX compliance check (eInvoicing/Indirect Tax)

Clearing center integration for eInvoicing in Italy, Poland, Romania, France (excl. Germany)
