

# Clarity Defend

Quorum Cyber's Managed Detection and Response Service

Clarity Defend from Quorum Cyber is expertly designed for small to mid-sized organisations, delivering essential managed detection and response services through our customer platform, Clarity. With 24/7 threat-led security and threat hunting, Clarity Defend empowers you to focus on growing your organisation, confident that your digital assets are secure and protected by our certified and experienced team.

As cyber-attacks rise in frequency and cybercriminals become increasingly sophisticated (and increasingly adopt AI), Clarity Defend safeguards your organisation from harm.

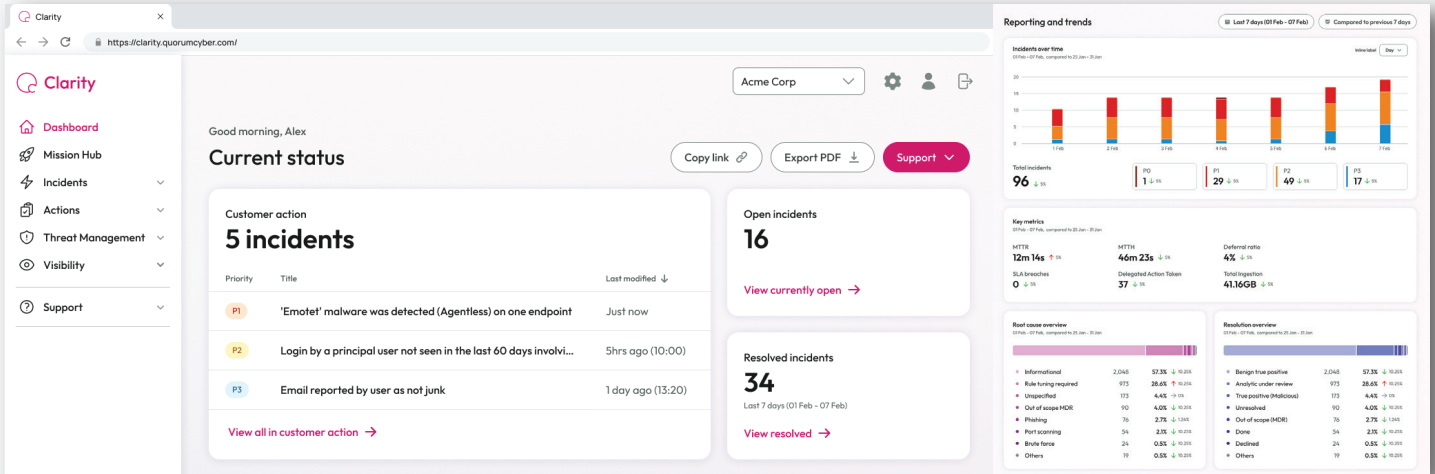

Microsoft Intelligent Security Association

## Clarity Defend Benefits

- ✓ 24/7 monitoring and detection across the whole Microsoft Cloud security ecosystem
- ✓ Stay informed with 24/7 access to our customer platform, Clarity, to see all security metrics and any incidents, plus how they are being managed. This powerful platform provides you with real-time visibility, enabling you to monitor your entire Microsoft Cloud security ecosystem
- ✓ Optimised and continually maintained detection capabilities – keeping pace with the latest cyber threats and the ever-evolving threat landscape
- ✓ Incident response to rapidly contain any kind of cyber-attack at any time from a National Cyber Security Centre and CREST certified team
- ✓ Rapid onboarding – giving you ultrafast time to protection
- ✓ Microsoft Sentinel health and ingestion management – ensuring all security tools are optimally configured and cost-effective
- ✓ Proactive threat hunting throughout the Microsoft Cloud security ecosystem
- ✓ Safeguarding against all types of cyber threats with a combination of human expertise, artificial intelligence (AI), and automation

# Clarity: Real-Time Insight into Your Security Posture

## Why Quorum Cyber?

- We are passionate about cyber security and we're obsessed with helping you achieve your goals. Everything we do is geared towards helping you win.
- We are Microsoft experts – we are a proud Microsoft Solutions Partner for Security and a member of the Microsoft Intelligent Security Association (MISA).
- Flexible service which we refine based on your precise cyber security needs and risk profile.
- No vendor lock-in and a flexible subscription model – the technology is yours, you can move at any time.
- Continuous improvement – attackers don't stand still, so our services don't either. We continually improve based on customer feedback and current threats.
- We work with multiple security frameworks and standards and are constantly developing and evolving our knowledge within our expert teams. Our experience includes but is not limited to:
