

Clarity Extend

Enhanced Managed Detection and Response for Comprehensive Cyber Security

Clarity Extend from Quorum Cyber delivers enhanced managed detection and response, all delivered through Clarity, our customer platform. The expertly-designed managed security service provides 24/7 threat-led security and industry-specific threat hunting.

Clarity Extend empowers you to focus on growing your organisation, confident that your digital assets are secure and protected by our certified and experienced team.

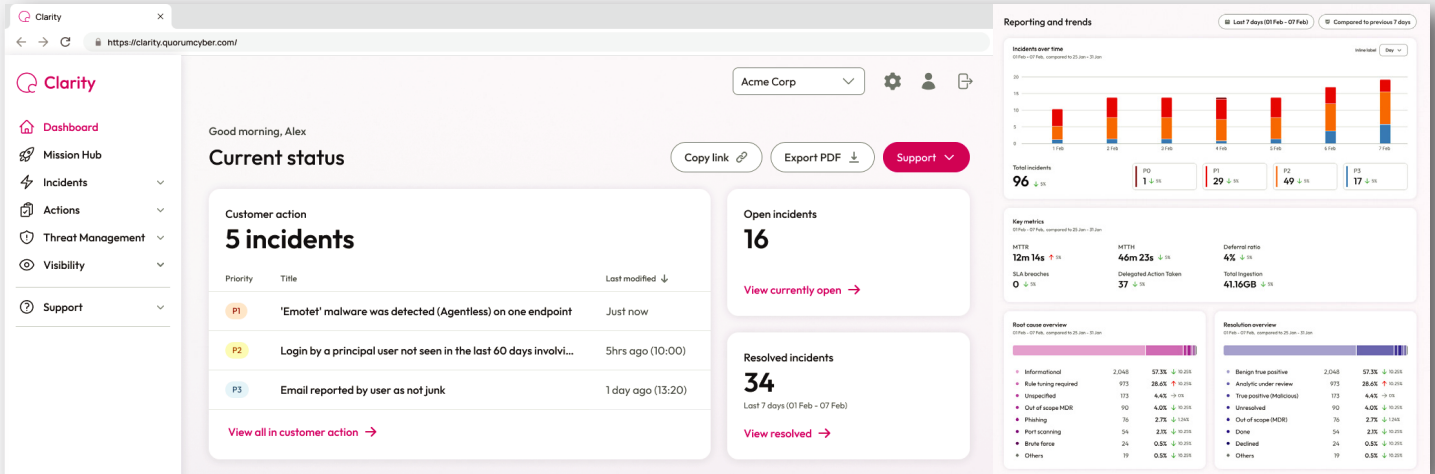

Clarity Extend Benefits

- ✓ 24/7 monitoring and detection across the whole estate, including Microsoft and third-party security solutions
- ✓ 24/7 access to our customer platform, Clarity, to see all security metrics and any incidents, plus how they are being managed. This powerful tool provides real-time visibility, enabling you to monitor your entire cyber security posture at a glance
- ✓ Global and industry-specific threat hunting across your digital landscape
- ✓ Optimised and continually maintained detection capabilities – keeping pace with the latest cyber threats and ever-evolving threat landscape
- ✓ Incident Response to rapidly contain any kind of cyber-attack, at any time from our National Cyber Security Centre and CREST certified team
- ✓ Rapid onboarding – giving you ultrafast time to protection
- ✓ Microsoft Sentinel health and ingestion management – ensuring all security tools are optimally configured and cost-effective
- ✓ Unparalleled protection against cyber threats with a unique combination of human-led expertise, advanced AI, and automation
- ✓ Maximum value from your Microsoft licences – we strengthen and optimise your security tools

Clarity: Real-Time Insight into Your Security Posture

Why Quorum Cyber?

- We are passionate about cyber security and we're obsessed with helping you achieve your goals. Everything we do is geared towards helping you win.
- We are Microsoft experts – we are a proud Microsoft Solutions Partner for Security and a member of the Microsoft Intelligent Security Association (MISA).
- Evolving with you, ensuring your security needs and risk profile are continuously assessed and strengthened against emerging threats.
- No vendor lock-in and a flexible subscription model – the technology is yours, you can move at any time.
- Continuous improvement – attackers don't stand still, so our services don't either. We continually improve based on customer feedback and current threats.
- We work with multiple security frameworks and standards and are constantly developing and evolving our knowledge within our expert teams. Our experience includes but is not limited to:
